INTRODUCTION

How to read your Relationship Compatibility Report

When two people are involved in a relationship, they get to know each other more deeply over time. At first, everything is wonderful and friction is rare. Then, as time goes by, you get to know other sides of your partner and, undoubtedly, discover some personality traits you don't like, and other traits you appreciate. The more time you spend together, the more you get to know each other. But even if you consider your relationship almost perfect, you will certainly experience at least some areas of possible friction.

The purpose of this report is to point out the different personality traits you possess, and how compatible they are. This report will help you identify those properties that are, at least to some extent, not compatible, and suggest how to prevent them from damaging, or dominating, your relationship.

It is important to also keep in mind that you may have some qualities that, although positive, are not compatible, but that negative traits are almost always a cause for friction. Therefore, you may find that this Relationship Compatibility Report is at times more critical and perhaps somewhat harsh, unlike most readings of this kind. If you feel uncomfortable with that, remember that this report was designed to throw light on those aspects in your charts that need to be understood and recognized, because if they are not, they can do a lot more damage than a few critical remarks in a reading.

Barack and Michelle, you will probably encounter some texts such as: "The compatibility aspect in this area of the chart is already included in other parts of this report, offset by other conditions or redundant". This is done in order to offer a perspective that is as well balanced and clear as possible, and repeating certain traits would place too much emphasis on them.

Master numbers are also handled somewhat different in a relationship compatibility report. They are reduced to their single digit values, because it is in the single digits' archetype that those personality traits are represented. If a number that appears in your chart is 11, 22, or 33, and the compatibility refers to the numbers 2, 4, and 6 respectively, this is not a typo but an indicator that the compatibility is based on the single-digit sum of your Master number.

You will also find that some numbers normally included in a personal numerology reading are not included in a relationship compatibility report. This is because the compatibility between two people is influenced much more strongly ... as much as ninety-five percent ... by the core numbers, than by all the other numbers in the chart combined. In fact, the lesser numbers in the chart would only muddle the waters if analyzed in the context of a relationship compatibility report.

Barack and Michelle, I hope you will enjoy your Compatibility Report and, more importantly, I hope you will find this reading to be beneficial to your relationship.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality, the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. You have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Numerological Chart!

Barack, your Life Path is 20/2

The key word in your nature is peacemaker. You have the soul of an artist. You are extremely sensitive, perceptive, and a bit shy. These qualities are both your strengths and weaknesses, for while you possess enormous sensitivity to your feelings and those of others, that same sensitivity can cause you to hold back and repress your considerable talents. Sensitivity and perceptiveness are among your many fine qualities. Because you intuitively know what people want, or feel, you can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions.

You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm. You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

However, your sensitivity can also be your downfall. Barack, your extremely delicate ego bruises easily and can make too much of someone else's thoughtless remarks or criticisms. Because you get hurt easily, you may tend to withhold your own thoughts and contributions to the matter at hand. This can cause you considerable resentment and anger.

Too often, you run from confrontation to avoid a battle.

When you employ your considerable inner strength, you will discover your enormous power and abilities to direct difficult situations toward your own goals. It is the awareness of your inner strength that will give you the courage to use your own personal power when it is needed. You are a sensitive and passionate lover; your

perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy.

However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively. Your awareness, diplomatic skills, and organizational talents give you the ability to bring off difficult tasks. You willingly step out of the limelight to facilitate the success of your endeavor. In truth, you are often the power behind the throne. However, you do not always receive the credit you deserve for the fine work you've done, or your role is underestimated and your accomplishments overlooked. Rather than brood over your losses, you need to confront those who would make less of your contributions and stand up for your accomplishments. You need security and comfort, quiet settings, and the company of loved ones. You are a perfectionist when it comes to your home and work environment. You have excellent taste which is obvious in your private surroundings. You are a fine companion and possess a good sense of humor. Friends seek you out for your calming and peaceful company. You are a safe haven to other sensitive people, who recognize your compassion and understanding. When you have found your niche in life, you have all the talents and intelligence for great success. Seek out work that allows your sensitive nature to flourish ... be the glue that binds others together.

Michelle, your Life Path is 11/2

Michelle, you have the potential to be a source of inspiration and illumination for people. You possess an inordinate amount of energy and intuition. There is so much going on in your psyche that you are often misunderstood early in life, making you shy and withdrawn. You have far more potential than you know.

You galvanize every situation you enter. You inspire people, but without your conscious effort. Energy seems to flow through you without your controlling it. This gives you both power and sometimes emotional turmoil.

You are a channel for information between the higher and the lower, between the realm of the archetype and the relative world. Ideas, thoughts, understanding, and insight ... all of these can come to you without your having to go through a rational thought process. There seems to be a bridge, or connection, between your conscious and unconscious realms, attuning you to a high level of intuition through which even psychic information can flow.

All of this amounts to a great capacity for invention. Many inventors, artists, religious leaders, prophets, and leading figures in history have had the 11 prominent in their chart.

Because you are so highly charged, you experience the consequences of a two-edged sword. You possess great abilities, but indulge in much self-reflection and self-criticism. You often feel highly self-conscious. You are aware on some level that you stand out. Even when you try to blend with your environment, you often feel conspicuous, alien, and out-of-place.

You are blessed with a message, or a specific role to play in life. But you must develop yourself sufficiently to take full advantage of that opportunity. Until that time, your inner development takes precedence over your ability to materialize the great

undertaking you were chosen to perform. Consequently, 11s seem to develop slowly, but they simply have more to accomplish in their evolution than the average person. Thus, your real success does not usually begin until maturity, between the ages of 35 and 45, when you have progressed further along your path.

You may often be frustrated, largely because you have extremely high expectations of yourself. But these expectations can be unrealistic, and can prevent you from accomplishing anything. You can be very impractical, envisioning a skyscraper when all that was necessary was a two-story house.

You may also suffer from bouts of confusion and lack of direction. This gives rise to loss of confidence and the onset of deep depression. The cause of these emotional problems is your lack of understanding of your own sensitivity and potential. Your desire to achieve some great ambition is enormous. However, a lack of confidence in your own ability to realize this dream may cause you much frustration. You sense the enormous potential you possess, which requires equally enormous confidence in your ability to materialize your dream. Confidence is the key that unlocks your potential.

On a strictly physical level, you must protect your nervous system, which is inordinately vulnerable to stress because of your acute sensitivity. Depression is often the result of long periods of stress that have gone unrelieved. Seek out peaceful and harmonious environments, relaxing music, and follow a healthful diet in order to restore balance and peace.

As an 11 Life Path, you are a highly charged version of the 2 and possess many of the characteristics and talents of that number.

You can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions. You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm. You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

Michelle, you are a sensitive and passionate lover; your perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy. However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively.

You are a fine companion and possess a good sense of humor. When you have found your niche in life and begun to realize your true potential, your rewards will more than compensate for your trials earlier in life.

Your Life Path's compatibility is 2

Barack and Michelle, your Life Path numbers are the most important numbers in your charts, and as such, their compatibility is very important to the well-being of your relationship.

This aspect of the chart reveals both of you to have a sensitive, vulnerable side. Sometimes that is favorable, other times it prevents issues from getting resolved, like when you step around the issue carefully, afraid to hurt the other. This may

cause issues to fester and start eating at the foundation of your relationship. Therefore, it is important not to walk away from the problems because you don't want to rock the boat. It is best to face them up-front!

Barack and Michelle, you both have a healthy respect for the power of feelings and emotions, but you have to guard against avoiding confrontations altogether. Sometimes, a confrontation is necessary to clear the air and resolve the problems, in other words, "to send the phantoms away".

As two people who feel and experience emotions strongly, you are both more vulnerable to criticism. This is something you may have to consciously work on. Sometimes, as I mentioned, you will avoid addressing an issue. Other times, especially when those unresolved issues cause resentments, you, like boxers, may be tempted to lash out to your partner with a "below-the-belt" criticism, revealing your anger and resentment in a way that can be very harmful for the relationship. Even more devastating, it can shut the door to any chance you might have had to resolve the underlying problem. Frequent instances of that behavior might undermine your relationship and, sticking to the paraphrase, a knock-out would not be totally impossible.

As you can see, although couples keep looking for things they may have in common, in this aspect of the chart, the fact that you both have a two does not translate into an advantage. On the positive side, you can relate to each other's emotional experiences. On the negative side, instead of one person balancing the other, you may, instead, enhance a negative experience until perspective is lost and all that remains is pain and anger.

Barack and Michelle, you both have a tendency to use the occasional white lie to circumvent what you perceive as dangerous ground. This is not always a bad thing. However, unless other numbers in your chart support your ability and your willingness to grab the bull by the horn when tact and diplomacy are no longer suitable, this avoiding of difficult subjects can have the effect of pushing each other away. You start creating a world of your own, slowly pushing your partner away. If you have the kind of relationship where the partners live their own life quite happily, there is no problem. However, you are both people of the heart and that pretty much makes that kind of lifestyle impossible. The key to maintaining a healthy and stable relationship when both partners have a two in this part of the chart is to recognize the need for planned pow-wows. Whenever an issue needs to be handled, discuss it openly and frankly, but never guided by impulse and emotions of the moment. Instead, tell your partner that something is bothering you and you want to talk about it. Then, build up a setting: make a cup of coffee, sit down around the table, and emphasize to your partner that you know first and foremost that your love is strong and enduring, and that, in order to keep it strong, you have to bite the bullet and talk about it. In such a setting, you can discuss the situation intelligently, without getting too emotional and without letting anger and irritation control the discussion.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the

Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be. The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Barack, your Expression is 19/1

You are a natural leader, independent and individualistic. Barack, you are extremely ambitious, original, and courageous. You employ new and unproven methods. You are an explorer and an innovator. Openness to too many peripheral influences limits and frustrates you. You are self-reliant, confident, and energetic.

You possess executive abilities and are most successful at owning or independently managing a business. You need the freedom to make your own decisions, based on your own ideas. You can be an astute politician. You also possess the ability to influence the opinions of your milieu.

The number 1 symbolizes the front-runner, pioneer, warrior, risk-taker, and daredevil. Generals, top politicians, successful businessmen, self-made millionaires, religious leaders, inventors, activists, and avant-garde artists are often born with a 1 Expression.

Strength and perseverance are central to your success. You must be willing to travel the frontiers of life, away from the beaten path. You possess a great reserve of willpower that must be directed at your goals. You do not give up, but relentlessly pursue your aims.

You are quite opinionated. People tend to be inspired or repelled by your strong personality.

You have great powers of concentration and the ability to visualize your goals, thus making them more attainable.

You stand up for your convictions and hold your ground. All of these abilities enhance your chances of success in life.

There is a tendency to be self-centered. You can be domineering and, in the extreme, a bully. You can be highly critical of others, complaining that people lack the industry or determination you possess. But this lack of understanding can

alienate friends and family members from you. You must learn to control this tendency to maintain harmony in relationships.

Once you are convinced of the inherent correctness of your ideas, you stubbornly, and sometimes rigidly, defend and propagate them. Avoid obstinacy and antagonism. You must cultivate balance, compassion, and perseverance. You easily assume the role of protector. You spring into action when leadership is needed.

Pride can be your downfall. You so powerfully identify with your goals and ambitions that you sometimes refuse to see a potential flaw or weakness in your well-laid plans.

Barack, you possess strength and determination, which, when applied to any endeavor you are committed to, will lead you to great success in life.

Michelle, your Expression is 16/7

Michelle, you are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher.

You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Michelle, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general.

The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field. You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the

path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

Your Expression compatibility is 1 and 7

More than any other number in your chart, your Expression number reflects who you are as a person. Earlier, you read about the Life Path number and how important that number is in your chart. However, the Life Path number reflects "the path you walk on", and should be seen more as a powerful influence rather than as a part of your personality makeup. Your Expression number on the other hand, reflects a deeper part of you. It is more difficult to overcome possible negative traits you may have recognized in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

It can't be emphasized too much how important it is to realize that numbers in different areas of the chart affect you differently, even when it is the same number. Sometimes, you may read something that seems to directly contradict earlier statements. Yet, if you take the time to think about them carefully, you will probably recognize that you, as a human being, are extremely complex and full of the same contradictions. This is simply the way we are. You may be organized in one area of your life, while chaos rules in another area. You may be tactful and sensitive in one setting, and direct and confrontational in another situation.

Barack and Michelle, your compatibility in this aspect of the chart is very unpredictable. Some relationships between one's and seven's thrive while others don't stand a chance. The initial connection in this combination is usually intellectual, a level where you can relate and have plenty to share. Barack's brazen attitude towards new and old concepts, a willingness to get off the beaten path, and an open and unconventional mind make for a great intellectual partnership with Michelle. Michelle realized at an early age that something was "different". The seven is an intensely curious number, challenging everything others take for granted. It digs and stirs old concepts and shows how what looks straightforward to the rest of us, is, in fact, far from simple and far from obvious. Michelle knows what it is like to stand apart from the crowd, but what is more, never to have felt uncomfortable with that. Though a bit lonely at times, it is also very gratifying in that it leads to the knowledge that there is more to daily life than meets the eye. No number experiences the excitement and exhilaration brought forth by moments of true clarity and insight as well as the seven. Therefore, you are two people who happily venture into new, strange or unknown intellectual and spiritual territories. Free thinkers, for very different reasons, and driven by very different perspectives ... the combination of which makes a nice, spicy recipe. Matters of the heart, feelings and emotions - that is where you, Barack and Michelle, may encounter trouble spots. Neither one of you is eager to expose your inner self. You are private, sensitive and vulnerable people. You don't carry your heart on your sleeve. You, Barack, because you recognize strength and endurance as your in-born assets. Michelle because you are

comfortable keeping distant and remaining somewhat separated.

The human qualities needed to help you experience your relationship on the deepest levels, where it really matters and where it can grow and prosper, are emotional courage and the strength to allow yourself to be weak which, by the way, is not a contradiction. Emotional courage is the courage to expose your sensitive, vulnerable side, and this requires faith in your partner, but more importantly, faith in yourself. Keep in mind that it is okay to lay yourself open ... you have the strength to survive!

Both of you, but particularly Michelle, may be tempted to go the other way, becoming cynical and untouchable. Watch out! There is no worse place to go and the consequences of such a shift are usually visible in a trail of broken relationships.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth ... you, the spiritual being.

Barack and Michelle, your Heart's Desire is 18/9

Barack and Michelle, you both have the same number in this part of the chart. The following text therefore applies to both of you.

Barack, you want to be of service to the world. Your deepest satisfaction comes from knowing that you have advanced the cause of humanity. Your ideals are of the highest order. You are a perfectionist. You strive to make the world a utopia; to make each person's lot in life better; to become perfect yourself. One of your challenges in life is to strive toward your lofty goals and at the same time recognize the good you are doing.

You like and are fascinated by people from all walks of life. Human nature is a lifelong study for you. You are highly intuitive, but not an especially good judge of character. You are a bit naive, as well, thinking perhaps that all people have the same values as you.

You dream of having the resources to immediately relieve the suffering of others, whether it is economic, physical, or psychological. You are gifted with a good mind and a great deal of wisdom, which makes you a natural teacher, counselor, or

healer.

As much as you desire to be of service to others, you also crave fame and the approval of the masses. Much of the energy you expend in life is directed toward putting yourself before an audience, most often as a salesperson whose product provides some social good; as a philanthropist; or an artist.

Barack, you are attracted to the arts as a vocation, especially as an actor, photographer, or writer. But whatever your profession, any involvement in the arts, even as a hobby, will provide you with a deep and lasting satisfaction.

Secretly, you dream of having a big impact on the world. Others may see this as egotism, especially when you are still young. But your concern for others is genuine. You must apply yourself in this direction in order to become psychologically whole and personally satisfied.

Your vision is on the crowds of people, which can cause you to overlook the needs of those closest to you. You need personal love as well, but have a tendency to put your needs in the background. Still, you are a loving person, and only need to be reminded to direct and demonstrate that love to those nearby. If, however, you are focused exclusively on the masses, people will perceive you as distant and a bit aloof.

You are emotional, and sensitive. You can also be moody and critical. You have high expectations for yourself and others. This can cause you much anger when your expectations are unfulfilled. One of your most important life lessons is to forgive.

Because you are striving hard to attain high ideals, you may think of yourself as superior to others. Arrogance is a trap many 9s fall into. The danger is that arrogance cuts you off from the thing you love the most ... people.

Barack, your happiness and contentment are therefore highly dependent on the ease with which you are able to serve and influence mankind. It is the paradox of your Heart's Desire that you receive by giving. Both your material success and spiritual satisfaction are made possible through service and sacrifice to others.

Your Heart's Desire compatibility is 9

Compatibility of the Heart's Desire numbers is very important in a relationship ... few relationships last beyond the initial stage if the Heart's Desire numbers are not compatible.

Barack and Michelle, this combination often creates a partnership that goes well beyond romance. Both idealists, you are sufficiently focused and have enough clarity of purpose to devote your life to a single goal, paying little or no attention to the monetary aspect. Contrary to what one might expect, this often results in financial prosperity, albeit not until somewhat later in life. Most likely, Barack and Michelle, recognition of similar souls was responsible for the initial attraction between the two of you. Endless conversations that were mutually inspiring helped you realize that your dreams were attainable, and that you needed and wanted the company of each other. The bond is strong and will not weaken over time, since you thrive on each other's experiences. The compatibility is powerful and strengthens

each of you as individuals. You may find yourselves choosing almost identical careers, perhaps even within the same organization or institution. All these similarities make others see you as an unbreakable couple, the kind of bond that often exists between brothers and sisters.

However, some pitfalls may exist, even in this extremely compatible combination. Barack and Michelle, in extreme cases, the number nine shows a tendency to believe in ideals to such an extent that it turns into an obsession. Self-righteousness, narrow-minded moral values, and religious fanaticism are not uncommon, nor are arrogance, pride, and a superficial confidence. That explains the fact that the number nine is often found among political and religious extremists. Excessive belief in your ideals may cause problems to your relationship. It is important for both of you to remain open to other people's ideas, to respect their different opinions, and to remain humble within yourselves.

Barack and Michelle, the only real danger in a relationship between the nine's found in this part of the chart appears when either, or both, of you lose your ability for self-criticism and self-reflection. It is essential to keep in mind that even in idealism, moderation is required ... in fact, it is the keyword to safeguarding this otherwise excellent number combination.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with, people or situations, but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Barack, your Personality is 19/1

You radiate with a dynamic and efficient energy. You appear controlled and capable. You value courage and effort in the face of difficulties and these qualities show. Others can sense that you will not be pushed around.

You should dress in a dignified and correct manner, caring for the details of your appearance. While you may spend most of your time in staid business dress or

suits, bright and cheerful colors work well for you. You are fashionable, but have your own style.

Your appearance suffers more than most people when you are overweight. Overweight directly contradicts the type of personality you are trying to project. Straight lines and square corners accent your good physique and enhance your appearance as a leader.

Barack, you are recognized as a pioneer; you have your own ideas of how to do things. You are a risk-taker, original and highly creative.

You should be wary of appearing too aggressive or unreceptive. You can intimidate people if you don't soften your exterior somewhat. By doing this, you will attract less confident people who will be more willing to approach you with their thoughts and suggestions.

Michelle, your Personality is 34/7

You seem mysterious and different. People see you as serious and studious. You are highly independent and self-sufficient. Your exceptional intelligence and wisdom are quickly noticed, people respect you. You are not one to attract people on the basis of your warmth or compassion, though you may be loaded with both, but because of your obvious insight into life's mysteries.

You are hard to get to know. You are often withdrawn. It is common for people to see your focus turn inside of yourself in the middle of a conversation.

You have the makings of an intellectual and an aristocrat but you have to guard against arrogance and an attitude of, "I've got it all figured out". There have been periods in your life when you had little concern for your clothing or fashion, while at other times you are very aware of your clothing and use it to make a specific impression.

You appear dignified no matter how you dress, but a well groomed seven with a touch of dash definitely has an advantage. Your confidence increases when you know you are well dressed.

Michelle, you are recognized as spiritual and religious, with your very own ideas regarding the purpose of life and the Creator.

You are an inspired speaker, but only when discussing subjects that really interest you. Otherwise, you are not one for chatter. Your love of knowledge and wisdom shows.

Your Personality compatibility is 1 and 7

Quickly recognized when two people first meet, not many relationships even get started unless their Personality numbers are compatible.

Barack and Michelle, as you can see, the numbers that define the compatibility of your Personality are identical to those found under your Expression compatibility.

As a result, this increases the influence of both the positive and the negative

attributes as described under your Expression compatibility. If the two of you, as a couple, are able to focus your energies on the more positive aspects, as described under your Expression compatibility, this will greatly enhance your relationship. However, if you become susceptible to the negative influences, it will become particularly difficult to overcome them.

Go back and read your Expression compatibility again for a better understanding of how the increased influence of these numbers can affect your relationship. PERSONAL YEARS

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year.

There are nine personal year numbers that make up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your growth. Barack and Michelle, your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. The Personal Years form the building steps that mark your progress through life.

Below is a description of both of your current Personal Year Cycles, indicating where you are on the 9 year Epicycle in 2020, as well as your Personal Year Cycles for 2021, followed by their compatibility.

Compatibility is as important with the cycles as it is with character traits. It is possible for a relationship between two people with otherwise very compatible charts to break down as a result of encountering one or more incompatible cycles. However, it is much easier to overcome or avoid possible pitfalls resulting from incompatible cycles than from incompatible personality traits.

Your Personal Year's Compatibility for 2020 is 7 and 4

Michelle and Barack, partners often find themselves distancing from each other during the combination of cycles you are presently going through. You may find that this also applies to you. However, this is not a result of lessened interest in each other, but of the fact that your cycles are focused in different directions. For Michelle, this is a time of grounding and dealing with mundane and practical

matters, often experienced as frustrating and boring.

For Barack, this is a time of inner search, daydreaming, and quiet contemplation, a time of doubts and questions, and a time of learning about the self. So, it is not difficult to see how the influence of your cycles can create some distance and a lack of communication. Keep in mind that this is not necessarily a negative development, as long as you don't try too hard to force yourself into your partner's world.

This year you will have an opportunity to involve yourself fully in work and material growth and bring home the rewards. If you can manage this, it will undoubtedly turn out to be a very satisfying year.

Your Personal Year's Compatibility for 2021 is 8 and 5

When it rains, it pours, Michelle and Barack. This is a time when neither one of you will find it easy to keep up with your partner. Michelle has a lot going on, juggling more balls than usual. Barack is experiencing strong ambitions and visions of what can be accomplished and how many opportunities there really are. With very different energies currently influencing you, Michelle and Barack, there is not much room to sit down and simply enjoy each other's company. That's okay, though, because you will get plenty of that in the next cycle, when you both shift your focus towards family, friends, and each other.

Michelle, your cycle brings a lot of change, but it will take time to sort it all out, and several other cycles will go by before you will be able to see clearly the lasting effect of these changes. Barack, your cycle may, in the end, put your next goal or goals sharply in focus. It could be said that Michelle's energy is like molecules bouncing all over the place, establishing boundaries and discovering space, while Barack's is more sharply focused on a particular point.

The most common mistake couples in this combination of cycles make, is to try to make each other see the world through each other's eyes. The only result will be frustration and mutual limiting of potential if you go that route. This is a time when you have to allow each other to do exactly what each of you wants to do, without having to explain too much or to account for your actions.
