## INTRODUCTION

### About your Personal Reading

This reading was composed for you, Johnny, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself with. Please check your birth data on the title page to make sure the names and date of birth used are correct.

Your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth. Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit. The meaning of your number is then explained in easy to read language.

Johnny, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

## LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality, the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. You have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

### **Your Life Path is 16/7**

You are the searcher and the seeker of the truth. You have a clear and compelling sense of yourself as a spiritual being. As a result, your life path is devoted to investigations into the unknown, and finding the answers to the mysteries of life.

You are well-equipped to handle your task. You possess a fine mind; you are an analytical thinker, capable of great concentration and theoretical insight. You enjoy research, and putting the pieces of an intellectual puzzle together. Once you have

enough pieces in place, you are capable of highly creative insight and practical solutions to problems.

Johnny, you enjoy your solitude and prefer to work alone. You need time to contemplate your ideas without the intrusion of other people's thoughts. You are a lone wolf, a person who lives by his own ideas and methods. As a result, close associations are difficult for you to form and keep, especially marriage. You need your space and privacy, which, when violated, can cause you great frustration and irritation.

When your life is balanced, however, you are both charming and attractive. You can be the life of a party, and enjoy performing before an audience. You enjoy displaying your wit and knowledge, which makes you attractive to others, especially the opposite sex.

But you have distinct limits. While you are generous in social situations, sharing your attention and energy freely, you are keenly aware of the need to "come off stage" and return to the solitude of your lair. You associate peace with the unobtrusive privacy of your world. Therefore, intimacy is difficult for you, because you guard your inner world like a mother lion does her cubs.

All this privacy and aloneness can cause isolation and loneliness, however. You can be aware of emptiness in your life, a part of you that yearns for company and close companionship that may be unsatisfied.

If isolation is brought to the extreme, you can become cynical and suspicious. Johnny, you can develop hidden, selfish motives, which people may sense and may cause them discomfort around you. You must guard against becoming too withdrawn and independent, thus shutting out the love of others and keeping you from experiencing the true joy of friendship and close companionship.

You must especially watch out for selfishness and egocentricity, thinking of yourself as the center of the universe, the only person who really matters. Social contact gives you perspective on yourself and on life, while too much isolation can make you too narrow and even shut off from the rest of the world.

Secretly, you may feel jealous of the easy relationships formed by others; you may perceive others as less inhibited than you, or more free to express themselves. You may harshly criticize yourself for not being more gregarious, powerful, or capable of greater leadership.

Johnny, your challenge in life is to maintain your independence without feeling isolated or ineffectual. You must hold fast to your unique view on the world, while at the same time being open to others and the knowledge they have to offer.

With your abilities to learn, analyze, seek out answers to life's important questions, you have the potential for enormous growth and success in life. By the time you reach middle age, you will radiate refinement and wisdom. Pythagoras loved the seven for its great spiritual potential.

Johnny, the 16 Karmic Debt, wherever it shows up on the chart, means destruction of the old and birth of the new. The 16 is about the fall of the ego, and all that it has built for itself. It is a watershed, a cleansing. All that has been constructed, and all that serves to separate the person from the source of life is destroyed. Through the 16, reunion with the great spirit is accomplished.

This can be a painful process, because it usually comes after much ego inflation. This results in a struggle between the ego and the divine will. Life presents challenges to your grand plans, which can be resented and struggled against. It is a lost battle, and you will likely feel humbled in the face of the collapse that follows. This humility is the key to later success, however, because you will learn to follow the intimations of a higher reality. In the destruction of the old, a spiritual rebirth takes place with an entirely new awareness. This rebirth affects every area of your life. It is a life much the better for the fall.

Those with the 16 Karmic Debt must be careful of egotism. Very often, those with the 16 use their highly intuitive and refined intellect to look down upon others, and view the rest of the world as inferior. This causes acute alienation and loneliness. In addition, it invites retribution, for the egotist is humbled more harshly than any other. When the 16 is in one of the core numbers, this process of destruction and rebirth is a continual cycle that actually serves to bring you into higher consciousness and closer union with the source of life.

The 16 Karmic Debt can be a path of progress and great spiritual growth if it is looked at properly. One develops great faith by placing one's life in the hands of the greater universal force. Through such faith, gratitude and peace are firmly established.

## BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your five Core numbers ... the Life Path, Expression, Heart's Desire, and Personality being the other four. It is the least significant of the five numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

### **Your Birthday is 9**

Johnny, you are broad-minded, idealistic, and compassionate. You should obtain a wide education, especially in the arts. You are highly creative. Many great artists are found under this number.

You must come to truly understand life to be of greater service to society. You have a greater social role to play that will require a blend of the practical and the humanitarian. You must have a keen sense of what will work, but at the same time directing those efforts toward some greater good.

Your challenge is to find a place for yourself that has some direct benefit to others. The more you can be of service to humanity, the greater will be your personal reward on all levels ... from the material to the spiritual. Children born on the 9th day usually take their time before choosing a profession.

You are socially oriented and have a gift of charm. You are well-liked and even admired by others. You can relate to people in all walks of life. You have a broad vision of the world and can see the grand scheme of things, including international politics and great social movements. You express your feelings well, but sometimes

can be a bit dramatic. You have a strong interest in philosophy and metaphysics.

Nines tend to attract money from other sources, such as inheritance or a stroke of "luck".

There is an element of sacrifice in the number 9 that demands that you learn forgiveness and unconditional love. You must avoid negative attachments. Do not hold on to people or situations because you feel that justice has not yet been done, or that someone still owes you something. Your task in life is to truly let the universe judge such situations, and rely on your own forward-moving life path to bring you the necessities and rewards you deserve.

## EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be. The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

### **Your Expression is 11/2**

Johnny, yours is the most highly charged Expression number of all. You are like a lightning rod, attracting powerful ideas, intuitions, and even psychic information like unpredictable bolts.

You are a powerful presence without any awareness on your part of having personal power. You are a channel for higher vibrations. But in order to be emotionally and psychologically at peace, you must learn to control that flow of energy. You possess a bridge between the unconscious and the conscious. The trouble is that the unconscious is an infinite resource, while consciousness by definition is a limited arena. The two are therefore at odds until they can learn to live in harmony with each other. This is where control comes in. Until you are able to control the flow of energy from this infinite source, you may feel like a victim of its whimsy, thrown about by emotional turmoil and nervous tensions.

Johnny, you have always sensed that you are different, but it was an indefinable

feeling. You are enormously sensitive and aware, especially as a child. This made you vulnerable to all conflicts and painful situations. For most of your upbringing, however, you did not realize that other people did not possess the same sensitivity, nor did they see the same things you were seeing. This caused a great reservoir of emotion that was dammed up behind an inability to express your feelings, even to yourself. For this reason, most 11 Expressions have a difficult childhood. Your extreme sensitivity made you very shy as a child. This usually manifests in adulthood as hesitation and acute vulnerability. You are very careful about sharing your feelings with others and choosing your friends.

You compensated for your sense of separation in childhood by creating an elaborate fantasy world. You daydreamed more than other children. You have a lively imagination and even in adulthood have a hard time separating reality from fantasy.

Johnny, your challenge is to bring forth your primitive, earthy strength. You need to be grounded in order to deal with your lightning bolts. The more you are able to call upon your inherent human strength, the greater your capacity to take advantage of your extremely sensitive awareness. Once this is accomplished, your antagonist becomes your benefactor.

You are highly emotional and dependent upon relationships. Emotionally, you go up and down with the fortunes of your love life. You are idealistic, impractical, and at times disorderly. You are often unrealistic in your expectations.

Your reasons for doing things are usually born of a mixture of logic, emotion, and intuition, which can rarely be explained satisfactorily to your more rational associates.

The 11 Expression is the number most dependent upon other core numbers in your chart for insight into your vocation. The 11 charges every area it enters, but it needs a grounding vocation and discipline to be effective.

A balanced 11 is one of the most unique and impressive of all people. It is gifted with insight and illumination, which it can transmit to others. This makes you a natural teacher in whatever area you enter.

## MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name. The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

## **Your Minor Expression is 10/1**

This number makes you better equipped for the daily struggle of life. This is a powerful number with good leadership abilities. It is independent, individualistic, original and innovative. It adds courage and a willingness to take risks. This number makes you more determined and goal oriented.

## **HEART'S DESIRE**

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions. Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth ... you, the spiritual being.

## **Your Heart's Desire is 13/4**

You like to live a stable, well organized, life. You dislike sudden changes, and prefer orderliness in all things. Johnny, you have a systematic mind that is reflected in everything you do. You can establish and maintain a routine, are exacting with details, and quite thorough.

You like to carefully analyze a problem and then tackle it in a logical and practical approach. You want to be dependable, a rock of strength and an example of discipline for others.

Work is central to your life, but you may have a tendency to overdo it; you can easily become a workaholic if you're not careful. You have a great deal of energy and can accomplish a lot.

You want a family and you are a good parent. You may carry the discipline and the need for orderliness too far, especially in your family, making children and spouse feel oppressed and limited. Flexibility is your key to harmony and balance in life. For you, structure is more important than freedom, which you tend to interpret as chaos. But others do not have your need for well defined systems, in fact, they may feel deeply inhibited and uncomfortable with it. The peace you get from orderliness may represent a prison to someone else.

Johnny, you need and want much love, but you are not very demonstrative. You can be a little rigid and stubborn.

You are honest and unpretentious. You detest liars and affectations. You can be very determined and tenacious. You are the bedrock of any enterprise. You have the courage to go into the nitty gritty of a problem and come up with a solution. Try

not to lose sight of the larger picture and dream while you plumb the depths of the bottom line.

## MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

### **Your Minor Heart's Desire is 9**

The shortened version of your name broadens your outlook on life. It makes you more compassionate, socially oriented, and concerned for the welfare of humanity.

Johnny, your Minor Heart's Desire increases your idealism, and capacity for self-sacrifice toward a higher goal. You want to make a difference in life.

You may be more likely to hold yourself aloof and thereby making it harder to find the personal love you need.

Your appreciation for the arts is increased, and any artistic talent you may have is enhanced. You may want to become more of a teacher, and are attracted to knowledge that will further this ambition.

## PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with, people or situations, but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have

trouble describing how they see us.

### **Your Personality is 25/7**

You seem mysterious and different. People see you as serious and studious. You are highly independent and self-sufficient. Your exceptional intelligence and wisdom are quickly noticed, people respect you. You are not one to attract people on the basis of your warmth or compassion, though you may be loaded with both, but because of your obvious insight into life's mysteries.

You are hard to get to know. You are often withdrawn. It is common for people to see your focus turn inside of yourself in the middle of a conversation.

You have the makings of an intellectual and an aristocrat but you have to guard against arrogance and an attitude of, "I've got it all figured out". There have been periods in your life when you had little concern for your clothing or fashion, while at other times you are very aware of your clothing and use it to make a specific impression.

You appear dignified no matter how you dress, but a well groomed seven with a touch of dash definitely has an advantage. Your confidence increases when you know you are well dressed.

Johnny, you are recognized as spiritual and religious, with your very own ideas regarding the purpose of life and the Creator.

You are an inspired speaker, but only when discussing subjects that really interest you. Otherwise, you are not one for chatter. Your love of knowledge and wisdom shows.

## **MATURITY**

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

### **Your Maturity is 18/9**

Johnny, your concern for the well being of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term

good of your community and even the world will occupy your thoughts increasingly.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation. If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future.

## L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths, and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

### **Your Life Path/Expression Bridge is 5**

Johnny, you need to be more flexible and adaptable. Be willing to go out on a limb; be adventurous and unconventional. Be tolerant and flexible. Accept changes. Rigid ideas and dogmas may keep you from reaching out and following your dreams. Make freedom a high priority in your life. Your strength lies in using your creative talents in a business-oriented manner. Your weakness is your tendency to suppress your creativity in favor of career and business. This can make you overly cautious and slow to make decisions.

## H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self ... your needs and desires, your true nature ... more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on

a day to day basis.

### **Your Heart's Desire/Personality Bridge is 3**

Loosen up a bit. Have some fun; recharge your batteries. Be more generous to yourself. Communicate your deeper feelings without fear to those close to you. Be more creative, particularly in the areas of dancing, writing, acting, or poetry. Develop faith in yourself.

## **KARMIC LESSONS**

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

(There are no Karmic Lessons hidden in your name.)

## **HIDDEN PASSION**

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

### **Your Hidden Passion is 5**

You love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s ... six or more.

You are resourceful and original. You have a good sense of humor and a quick

tongue. Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. Johnny, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully. You are very unconventional.

Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

### **Your Hidden Passion is 7**

You have a highly developed mind and a fine intuition. You are intellectual and deal well with abstract ideas. You like to be alone to contemplate, meditate and study.

You are drawn to the philosophical and metaphysical. Nevertheless, you can be highly skeptical and even cynical of things you cannot prove. You are a deep thinker with unusual understanding and insight. You do not like to waste time on trivial and petty matters. Johnny, you are a specialist and a perfectionist. You come up with unique solutions to problems and can be very convincing when the subject interests you.

You can be self-centered, melancholic and depressed. Loneliness is quite common among people with many sevens, they have to learn to be alone without being lonely. Faith in the order and balance of nature is a must. You may seem different, alien and hard to get to know to others, but once they "know" you, they love and respect you. Even though you tend to keep to yourself you are generous with your love, genuinely concerned with the happiness of those around you but not demonstrative.

### **Your Hidden Passion is 8**

Success and material reward are important motivations for your actions. You believe in effort and are very goal-oriented. You can dominate and impress others with your vision and common business sense. You are a born manager and organizer, your subordinates usually like you. Leadership and authority are obvious, but it is wise not to be too forceful, demanding and dominant. You are a good judge of character with an uncanny ability to sense other people's strength and weaknesses. There may be a tendency to abuse this talent, all eights have to be wary of greed and ruthlessness. Your ability to sense where someone else is "coming from" is much better served with your natural counselor's instinct. Many eights, although being an advantage in the business world and a help in the quest for success, may make life pretty hard too. Many tests and frustrations have to be overcome and, most important, the proper balance and perspective regarding spirit and matter has to be attained.

Johnny, you need a family to be proud of, and status to feel rewarded. You may have a tendency to showing off your wealth and success.

### **Your Hidden Passion is 9**

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the good

of all. Johnny, you are artistic, the nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age. You have a strong desire for insight and universal knowledge. You are emotional, your feelings are not always sensible and they too are often suppressed. You can get caught up in dreams and ideals without being practical but with enough fire and enthusiasm to attract support. Your oratorical abilities save many a situation. You are driven to do your own thing and are quite independent.

## PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational ... that is the world of the mental plane ... but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds. Numerology indicates how we as individuals function on each plane. The letters of the alphabet are divided in four categories; physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker. These Planes of Expression can greatly help you to understand your talents and abilities.

### **Your Plane of Expression Physical 14/5**

Johnny, you have a natively strong constitution. You are versatile and resourceful. You have a flexible body and quick reactions.

You enjoy change, travel, and meeting new people. You have a talent for promoting ideas. You are attracted to the new and exciting. You seek knowledge and understanding through experience.

You go about life in a unique and innovative way; you avoid the conventional and traditional.

You talk well about many different things and are an excellent salesman if you believe in the product.

### **Your Plane of Expression Mental 15/6**

Johnny, you have the mind of a poet, writer, or actor. You see life in artistic terms. Teaching and healing come natural to you.

You carry much responsibility and are very dependable. You fulfill your obligations. Your appreciation of beauty and art is visible in your surroundings.

Your prospects for success in business are excellent, due to your practical and responsible behavior.

### **Your Plane of Expression Emotional 15/6**

You are highly emotional, yet you possess a rare degree of balance to which you can turn. You love family and close friends as few people are able. You worry too much and feel responsible for other peoples actions.

You take justice and honesty with extreme seriousness; however, you may be too disciplined.

You have artistic talent. Johnny, you like to help others more than most, and are willing to sacrifice your own needs. You have an ability for teaching and healing.

You need much love and can give the same in return. You are highly idealistic, and very committed once you decide upon your soul mate.

### **Your Plane of Expression Intuitive 3**

You are very original, imaginative and sometimes have fantastic ideas about spiritual matters. You are very artistic and inspiring. You have a talent with words, and may be drawn to the pulpit.

Your intuition is above average but you tend to color and exaggerate your insights.

## **BALANCE**

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

### **Your Balance is 8**

Use your considerable power in a balanced way. You may use power in a manipulative way, rather than confront people on principle. Use your power in a higher way, namely, by accepting personal responsibility for the issue and its solution. Johnny, you have enormous creativity and the leadership to find an answer to almost any problem.

Try not to force your own solution upon groups, but include their concerns and ideas in the larger solution that you can bring about. Learn to use power for the good of all.

## RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods? This is the kind of information revealed through your Rational Thought number.

### **Your Rational Thought is 11/2**

The 11 is the illuminator. You have answers and insights based on the proverbial light bulb. Your Rational Thought number is the most magical and difficult to understand (for others). You have the makings of an inventor, or a spiritual guide. You would do well relying heavily on your intuition. You sense things more accurately than you analyze.

## CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

### **Your Cornerstone is J**

Johnny, your J is for Justice. You are honest, loyal, reliable and sincere. You want to improve the lives of others. You may try too hard to please everyone. You have a clever mind and are very talented. However, you have to work at motivating yourself to make the most of your talents.

## SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

### **Your Subconscious Self is 9**

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation. You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and down's as others.

## CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents,

and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

### **Your First Challenge is 3**

The duration of the First Challenge usually lasts from birth until approximately the age of 30 to 35.

You are your own worst critic. You suppress your individuality and creativity. Each time you want to make an impression, you doubt yourself beforehand, and criticize yourself ruthlessly afterward. Your criticism of yourself is far more severe than anyone else's.

As a result, you tend to play it safe by staying on the surface, indulging in superficialities. You rarely express what goes on deep inside of you; instead, you cover up your feelings with humor or perfunctory remarks.

You often feel alone and lonely. Johnny, your fear of social interaction causes you to strain conversation by making too many jokes and forced joviality.

It may help you to find a creative outlet for your imagination, possibly through writing, painting, singing or dance.

At the bottom of the challenge is an effort to bring out your true self. You will learn to truly value your own creative talents above anyone else's judgments. This must be viewed as a process of individuation, in which you become a whole human being, independent and free of the need to conform to others.

### **Your Second Challenge is 8**

The Second Challenge usually lasts until the age of about 35 to 40.

Johnny, you risk making money and power the main priority in your life. Your desire for financial wealth threatens to obscure your other human characteristics and spiritual well being.

This Challenge causes financial concerns to overwhelm all other needs, and influences everything you do. You risk the fate of Midas, turning everything into gold, yet isolating yourself from other parts of life.

For many with this challenge, there is a danger of becoming so obsessed with materialism that they may be tempted to ruthless and unscrupulous business

practices, possibly crossing the borders of the law and causing themselves and others much misery.

You are facing a very real spiritual test in which you must realize that "Man does not live by bread alone." If you overcome this hurdle, you will achieve real spiritual and material balance, and can make yourself a powerful river, bringing an inexhaustible supply of nourishment to all, rather than a lake, whose nature is limited and can easily grow stagnant and can no longer support life.

### **Your Third Challenge is 5**

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

Johnny, you are in danger of becoming a rolling stone. Your desire to experience and enjoy life can overwhelm every other priority you have. Your need for freedom dominates you. You want to try everything and go everywhere.

You must guard against overindulgence, and even dependence upon, alcohol, food, drugs, and sex.

You must work at establishing and maintaining long-lasting relationships. Be tolerant and understanding. This will enable you to have people in your life who are more than mere company.

Johnny, you need to discipline your urge to change every situation that does not immediately suit you. Stick with projects, maintain your friendships, don't abandon people or situations the minute they become the slightest bit difficult.

If few fives are in the chart you have a fear of change and cannot let go of people and situations. This holds you in the past, restricting your growth.

### **Your Fourth Challenge is 5**

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

(This Challenge is the same as your Third Challenge, described above.)

## **PINNACLES**

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life. The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles

reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with. You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. You will likely make some life-altering decisions; marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change, internally as well as externally, is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s ... the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

### **Your First Pinnacle (from birth until age 29) is 6**

Under this Pinnacle you will be very involved with family, friends, and your community. Johnny, you will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well.

Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle, especially at its outset, people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world.

You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Johnny, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can

lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are capable of developing yourself in many different directions, as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

### **Your Second Pinnacle (from age 30 until age 38) is 1**

Johnny, this is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self pity or surrender.

Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity. This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful.

Johnny, you must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self centered, headstrong or self important. Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams. These characteristics provide great opportunity for success and major accomplishments.

### **Your Third Pinnacle (from age 39 until age 47) is 7**

This is a period of inner development and soul searching. Johnny, you will deal with the deeply important questions of personal existence and the meaning of life. You will need time to be alone to contemplate your inner world. This is a time of spiritual growth. You will experience a heightened sense of faith. The power of the universe will be the force that carries you along.

You have an enhanced appreciation of poetry and nature. Walks in nature provide great therapeutic value and spiritual nourishment. This is a time of specialization. You will pursue some course of development with fervor and focus. Your ability to concentrate will be greatly increased. Your desire to study in all forms ... reading, self reflection, and contemplation ... will reach an all-time high. Your intuition is much more sensitive, making your path a little easier and more direct, since you know intuitively the appropriate next step.

Under this Pinnacle, you will become an expert in one particular field. Your capacity

to penetrate the depths of a subject area is enormous. You will look below the surface in virtually everything you encounter. It is very possible that you will find yourself in a teaching role.

You must consciously work on your closer relationships, especially with your spouse and children. You must explain that your desire to turn inward is not an escape or an avoidance of those you love, but a deep need for knowledge.

During this 7 Pinnacle, spiritual growth, increased knowledge, and wisdom are the big rewards. The 7 Pinnacle provides the basis for contentment in older age, because you now begin to understand life more deeply.

Johnny, your challenge is to avoid becoming critical or cynical of others. You can become so withdrawn from society that you look down on others. You may forget that you, too, are part of the imperfect human race. Sarcasm is the lowest form of communication, and a trap you could fall victim to.

Your desire to attain some high degree of perfection is sincere. But that pursuit can make you miserable if you lose perspective and fail to realize the relativity of human existence. Perfection is a Utopian goal, but an unrealistic ambition. It can cause you to be dissatisfied with yourself and others.

The 7 provides the possibility of true refinement, insight, and a high degree of wisdom. This deep understanding is the basis for self-love and true happiness.

### **Your Fourth Pinnacle (from age 48) is 7**

(This Pinnacle is the same as your Third Pinnacle, described above.)

## **CYCLES**

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle, the early and mid 30s, represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

### **Your First Cycle (from birth until age 29) is 6**

A time of family, responsibility, and duty. The issues of commitment, marriage, and family all come into sharp focus. When the commitments are made and one responds lovingly and with acceptance, this is a period of much harmony and support. You are greatly needed by those around you. You will be loved and appreciated. This is the best cycle for marriage. In the same way, partnerships go well and much progress is made from joint activities. Conversely, if commitments are not deeply made or are broken, separation and divorce often occur. Any artistic

talent you possess will surface and new opportunities for self-expression will present themselves. Johnny, you are also under very supportive influences for starting a business. This is a time of progress through flexibility, cooperation, and compromise.

### **Your Second Cycle (from age 30 until age 56) is 9**

This is a period in which a broad view of humanity and a sincere concern for the well being of others will be developed. Tolerance, acceptance, and universal love are the goals of this 9 Cycle, and while such perfection will not be fully achieved, the person under this influence will grow toward these ideals. Humanitarian principles and social service are the keys to personal happiness. All work directed toward the improvement of the general welfare will bring great personal rewards, as well. Hard work directed toward higher ideals is rewarded. Creative talent is also enhanced, especially when it is joined with some larger social purpose or message. There is an element of sacrifice or letting go, as one is asked to forgive past grievances and let go of negative attachments. The person is being asked to live according to a higher ethical standard, with much spiritual and personal enrichment as his reward.

### **Your Third and last Cycle (from age 57) is 1**

This is a period of much intensity. It requires fortitude, courage, and flexibility. Johnny, you will be forced to use every one of your talents in order to achieve your own personal individuality and independence. This is a period of integration and a focusing on your life's dream. Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality. This cycle marks a time of progress.

## **INTRODUCTION TO PERSONAL YEARS**

Your Personal Year number is a strong indication of the trends and circumstances you will experience during the year ahead. Your Personal Year cycles are based on the Universal Year cycles and therefore run concurrent with the calendar year.

There are nine Personal Year Numbers that make up a complete Epicycle. Each Epicycle reveals the progression or evolution of a specific part of your growth. Johnny, your progress along this Epicycle can be seen very logically, from the infancy or beginning of a growth period in your life, to the conclusion or culmination of that process. The 1 personal year indicates your first steps in a new direction. The years that follow indicate your progress along this path, concluding with your 9 Personal Year, which completes the cycle. The Personal Years form the building steps that mark your progress through life.

Below is a description of your current, as well as next year's Personal Year Numbers, indicating where you are on the 9 year Epicycle in 2020 and 2021.

## **Your Personal Year for 2020 is 1**

Be ready for major changes. Johnny, you will be inspired to start new projects or enterprises. You will feel a strong forward push toward new goals. This is a time for new vision and planning. Share your dream with others, make plans, get the necessary support, but above all, rely on yourself as the driving force. Be decisive! You are starting a new nine year Epicycle and everything you do now will affect your future. Do not hold back the inner force of creation. Be direct, daring, and bold.

You will have more confidence and determination this year, particularly in comparison with last year, which was a time of letting go. This year represents a time of birth. It's a time to take charge and to apply yourself to your dreams. This is also a good time to make the personal changes you have long wanted to make. Start a diet or an exercise program, or begin a new course of study.

There may be some emotional turmoil, especially within the first two or three months. There is much work to be done, but keep in mind that it takes a while to get the ball rolling and that there are likely several changes you will have to make. Be open-minded, organized, and focused. Avoid distractions and procrastination.

Johnny, you are at a crossroads. You will need courage and a clear head to stay on the right track. This is a year of opportunities. The key month in your year ahead is March, in which you are able to lay the foundation to your plans. April is more likely to bring about changes, such as a change of residence or career. July and August mark a time in which you will see the fruits of your labors begin to take place. October represents a major turn in events, sometimes fraught with emotional turmoil, but overall the Fall Season marks a coalescing of your plans into more concrete form.

## **Your Personal Year for 2021 is 2**

Johnny, this is a year to carefully protect and nurture your plans. You will be like a mother watching over her children, conscious of every threat, real or imagined. You need tact and cooperation to keep yourself moving forward. There will likely be confrontations with others, requiring a subtle and gentle approach. You will have to stay focused on your goals, yet use intelligent persuasion. Being forceful may work against you, while compromises will work in your favor.

You will be unusually sensitive and may wonder at times what happened to the drive and momentum you felt last year. This year requires something else from you, a delicate sense of balance and a willingness to go around obstacles without losing

sight of your goals.

You may experience some emotional depressions and frustrations. The year is marked by struggle, but there are many opportunities to advance your plans. This is a year of slow growth, requiring patience. Be discriminating in your associations and secretive about your plans. Be a little more secretive, guarding yourself and not talking too much about your ideas. You are somewhat vulnerable this year.

This is a good year to improve yourself through reading and research. Johnny, your growing awareness of the less visible and less obvious aspects of life will make you much stronger and better prepared for the future. You must be wise in all your relationships and associations this year. You are far more capable of establishing close, even lifelong relationships. Because sensitivity and openness are heightened, people are more likely to find their "soul mate" in a 2 Personal Year.

May is the pivotal month in the year. You are extremely intuitive and sensitive. You are also self-reflecting and better able to influence your peers and situation through spiritual awareness. July brings a culmination of plans and a distinct step forward. August sees things become more concrete and brings a new beginning. September is emotional, requiring adjustments, tact, and inner resolve. The 2 Personal Year is a year of growth and advancement through gentle means, and the indirect use of your personal power.

# Your Numerology Blueprint

Full Name Given At Birth  
**John Christopher Depp**

Name You Go By  
**Johnny Depp**

Date of Birth  
**June 9, 1963**

Your Numerology Blueprint is calculated from looking at not only the numbers that are present in your Numerology Chart, but also the location of those numbers within the chart itself. For example, your Life Path Number is given more weight than your Birthday Number, and your Expression Number is weighted more than your Heart's Desire Number.

This visualization helps us put into better perspective the influence of all the numbers as a whole, showing us how we are more than just one number, and can be used to explain why some may not always relate to their Life Path or Expression Numbers - these being the more influential numbers in our charts. For example, if your Expression Number is 2, but a large portion of your numbers are also 7's, you might find yourself relating better with the number 7 on many occasions.

The above diagram can be further broken down by looking at the influence of numbers derived from your Date of Birth, your Name, as well as Hybrid numbers. This can help us better visualize where each number's influence comes from.

Every number vibration is represented by a set of attributes that can be both positive and negative.
