INTRODUCTION

About your Personal Reading

This reading was composed for you, Oprah, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself with. Please check your birth data on the title page to make sure the names and date of birth used are correct.

Your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth. Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit. The meaning of your number is then explained in easy to read language.

Oprah, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality, the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. You have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

Your Life Path is 13/4

Oprah, you are practical, down to earth with strong ideas about right and wrong. You are orderly and organized, systematic and controlled, you are decisive and methodical employing a step by step rational approach to problems solving. Once committed you do not give up easily!

You are not one for "get rich quick" schemes. Rather you use hard work and long hours to build a business or career; you seek to establish a solid foundation.

Precise, tenacious and persevering, you have great potential for success, but only after putting out effort and overcoming the limitations you so often encounter. Justice and honesty are sacred to you. You are reliable and dependable, a cornerstone in the community.

Though not an idealist, you are willing to work for a better world in a realistic way. However, you can be rigid in your ideas and sometimes too quick in judging your fellow man. You are loyal to those you love and work well with others. It is important that while being part of a team you have your own responsibility and well-defined task, you perform better when your responsibilities are not overlapping with those of others. You have to be careful not to be bossy and rude. You possess rare discipline and perseverance and not everyone can keep up with you.

Oprah, you can handle money carefully and like the security of a nest egg. Your love of work often leads you into a career early in life. Because of your methodical nature you can easily become rigid and stuck in convention. You can also be overly cautious when changes are necessary, this can cause you to miss opportunities that present themselves. You must cultivate flexibility in your character. You are well suited for marriage and often become a responsible loving parent. However, anything that violates your profound sense of order, such as separation or divorce can be a shattering experience for you. You easily become obsessed and even vengeful, seeking your own definition of justice.

You are courageous and a true survivor. You are a builder and the foundation of any enterprise. Your hard work and practical, traditional values pay off to provide you with the rewards you seek and deserve.

Oprah, your 13 Life Path is somewhat burdened by the presence of a Karmic Debt.

Those with the 13 Karmic Debt will work very hard to accomplish any task. Obstacles stand in their way, and must be overcome time and again. One may often feel burdened and frustrated by the seeming futility of one's efforts there may be a desire to surrender to the difficulties and simply give up on the goal, believing it was impossible to attain in the first place. Some with the 13 Karmic Debt fall to laziness and negativity. But efforts are not futile, and success is well within reach. One simply must work hard, and persevere in order to reach the goal. Many highly successful people in all walks of life, including business, art, and athletics, have a 13 Karmic Debt.

The key to succeeding with the 13 is focus. Very often, people with the 13 Karmic Debt do not concentrate or direct their energies in one specific direction, or on a single task, but scatter their energies over many projects and jobs, none of which amount to very much. A temptation with the 13 is to take shortcuts for quick success. Too often, that easy success doesn't come, causing regret and the desire to give up. The result is a poor self-image, and the belief that one is incapable of amounting to very much.

In order to focus, you must maintain order in your life. Order is essential to success. You must maintain a schedule, keep appointments, and follow through. Keep your environment neat and under control, and never procrastinate. If you sustain a steady and consistent effort, you will realize much reward.

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your five Core numbers ... the Life Path, Expression, Heart's Desire, and Personality being the other four. It is the least significant of the five numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 29

You are highly intuitive and creative. Oprah, your mind thinks in pictures. You seem to draw information and ideas from out of the sky.

Your intuition is your gift, along with a powerful drive to know the Oneness of all things. You are so driven by spiritual pursuits that no matter what you do in life, the world of spirit and philosophy will be central to your daily behavior. You feel linked with the larger universal forces, and nothing will change that.

You have a fine mind and keen insights, but these do not come as a result of logic or rational thought. You are more likely to direct your life by inspiration, rather than by calculated reflections.

On some level, you know that you are in the hands of destiny, and that you must surrender to the higher powers that shape your life. You are usually a late bloomer. Your early and middle 30s tend to be years spent in apprenticeship and slow development. During this period, you can become frustrated with your progress, or the apparent lack of it.

Oprah, you need to develop faith. You are a highly charged person with much to do, but you must develop character and sound judgment before you begin to tap your true potential. Just as a tree needs roots to grow tall, so, too, do you need to develop depth of character in order to begin to expand in the ways you desire and ultimately envision.

Your highly developed intuition makes you a wonderful counselor, healer, or health practitioner. You have a gift for inspiring people. Many people admire you without your knowing it. You are a visionary, and others sense your wisdom.

You are acutely sensitive and easily influenced by your surroundings. You love beauty and harmony. You crave social interaction and much attention. You can be very emotional, often experiencing extremes of happiness and sadness. You are usually too easily hurt. You get depressed easily and feel the lack of confidence during times you are in a dark mood.

Despite your sensitivity, you possess leadership abilities. You are modest, diplomatic and polite. You have the ability to persuade, and can be quite forceful.

Oprah, your high sensitivity to others makes you compassionate, kind, and gentle. You have an opportunity for fame and success as long as you do not pursue either as your gods. Look for ways to help others and convey a larger message, with which you were blessed. This will bring you the material and social fruits you desire.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be. The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 7

Oprah, you are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher.

You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Oprah, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general.

The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field.

You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name. The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 5

Your short name adds considerable flexibility and versatility to your personality. Oprah, you now enjoy more travel and adventure. You are more curious about people, new places, and seek out more excitement in life.

You are more dynamic and alive. New and original ideas come quicker to you. You are a good deal more creative. Your verbal skills are increased and your ability as a salesperson or promoter enhanced.

You suffer more when confined by restricted spaces or rigid rules. You yearn for greater freedom of movement and expression. You are more likely to strike out on your own, with your own ideas or methods.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions.

Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a

different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth ... you, the spiritual being.

Your Heart's Desire is 13/4

You like to live a stable, well organized, life. You dislike sudden changes, and prefer orderliness in all things. Oprah, you have a systematic mind that is reflected in everything you do. You can establish and maintain a routine, are exacting with details, and quite thorough.

You like to carefully analyze a problem and then tackle it in a logical and practical approach. You want to be dependable, a rock of strength and an example of discipline for others.

Work is central to your life, but you may have a tendency to overdo it; you can easily become a workaholic if you're not careful. You have a great deal of energy and can accomplish a lot.

You want a family and you are a good parent. You may carry the discipline and the need for orderliness too far, especially in your family, making children and spouse feel oppressed and limited. Flexibility is your key to harmony and balance in life. For you, structure is more important than freedom, which you tend to interpret as chaos. But others do not have your need for well defined systems, in fact, they may feel deeply inhibited and uncomfortable with it. The peace you get from orderliness may represent a prison to someone else.

Oprah, you need and want much love, but you are not very demonstrative. You can be a little rigid and stubborn.

You are honest and unpretentious. You detest liars and affectations. You can be very determined and tenacious. You are the bedrock of any enterprise. You have the courage to go into the nitty gritty of a problem and come up with a solution. Try not to lose sight of the larger picture and dream while you plumb the depths of the bottom line.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 12/3

Oprah, your shortened name adds enthusiasm, creativity, and liveliness to your personality. You have a greater facility with words and a deeper appreciation for the arts. Writing, singing, acting, and dancing all come easier, especially if you already have talent in any of these areas.

Your Minor Heart's Desire encourages you to be more social, more flexible, and fun-loving. It makes you less serious. You are wittier and much more inspiring. The 3 provides you with uplifting energy which can motivate others.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with, people or situations, but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 12/3

You are highly attractive. Many men with a 3 Personality are very handsome; women are often strikingly beautiful. Your vibration is full of life. You are uplifting, inspiring, and charming. You are a fun person to be around. Your wit and sparkling personality make you the life of a party. You are extroverted and optimistic. You appreciate fine clothing and jewelry, and enjoy dressing up a bit. You like glamour, and are sought after by the opposite sex.

You are a romantic. Oprah, you fall in and out of love rather quickly. You are affectionate and giving. Do not let your charm be an incentive to play too much. Work at developing deep and lasting relationships. You have to avoid scattering your attention for popularity.

You can be flippant about commitments and may dramatize or exaggerate. Your wit can cause you to rely too much on superficial, humorous conversation.

You have a distinct "lucky streak" that attracts many opportunities throughout your

life. You also have a knack of promoting yourself as well as inspiring others. When backed up by hard work and self-discipline, these qualities almost ensure your success.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 11/2

As you mature, You will discover that you possess a growing talent for understanding and working with other people. Your ability to influence others through tact and diplomacy will grow. These talents will further you along in your career or business. You will become increasingly shrewd, and will learn the art of discrimination. Your sensitivity to the needs and desires of others improves dramatically. You will be able to evaluate their motivations with a growing clarity and uncanny accuracy. You find you can get more done by persuasion and gentle guidance than by force.

Oprah, you may well have to learn to assume the role as the power behind the throne. Your influence is less public, and you may not always receive the public recognition you deserve. However, your satisfaction comes from seeing the fruition of your own ideas come about, the result of teamwork and cooperative efforts.

If you already have many 2s in your chart, especially in the core numbers, you may become overly sensitive, a characteristic you will have to keep in check. If you have few 2s in your chart, the influence of your Maturity Number will greatly increase your ability to work harmoniously with other people.

L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths, and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

Your Life Path/Expression Bridge is 3

Loosen up a bit, Oprah. Have some fun; recharge your batteries. Be more generous to yourself. Communicate your deeper feelings without fear to those close to you. Be more creative, particularly in the areas of dancing, writing, acting, or poetry. Develop faith in yourself.

H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self ... your needs and desires, your true nature ... more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on a day to day basis.

Your Heart's Desire/Personality Bridge is 1

Oprah, you should rely more on your own strengths and abilities. Be more decisive; don't beat around the bush and be straightforward when expressing your thoughts and feelings. You need to take charge more often. Get off the beaten path and find original ways of doing things. Do not try to be conventional, or try so hard to behave according to the expectations of others.

KARMIC LESSONS

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

You have a Karmic Lesson 2

Oprah, you must learn to be more diplomatic and tactful, to stay in the background when necessary and sometimes to accomplish something without the need to be praised and rewarded. Learn to be part of a team.

You must learn to be more sensitive to other peoples' needs and feelings. You will regularly find yourself in a situation where the only road to success is through patience and attention, requiring you to work closely cooperatively with others.

The effects of this Karmic Lesson are diminished if you have at least one 2 among your core numbers (Life Path, Birthday, Heart's Desire, Expression, or Personality Number).

You have a Karmic Lesson 4

Oprah, you feel confusion about your life's direction. You will have to establish a methodical and disciplined approach. You need to create a foundation for your life. Otherwise, you will feel lost and tossed about by change.

You have trouble finding the work you do best. You tend to be somewhat impractical and disorganized. You look for the answers to life's problems outside yourself, rather than within. New jobs start off as The Answer, but do not have the same glamour for long. You quickly discover that the new work requires the same effort and perseverance, without the excitement you expected, which may cause you to give up too soon.

Concentration and application need to be strengthened. The effects of this Karmic Lesson are diminished if you have at least one 4 among your core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 9

Warm, generous and compassionate, you would do well and be quite happy in any undertaking that not only supplies you with a decent living but also is for the good of all. Oprah, you are artistic, the nine is responsible for many of our creative geniuses, however these talents are often suppressed, sometimes coming to the surface at middle or old age. You have a strong desire for insight and universal knowledge. You are emotional, your feelings are not always sensible and they too are often suppressed. You can get caught up in dreams and ideals without being practical but with enough fire and enthusiasm to attract support. Your oratorical

abilities save many a situation. You are driven to do your own thing and are quite independent.

PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational ... that is the world of the mental plane ... but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds. Numerology indicates how we as individuals function on each plane. The letters of the alphabet are divided in four categories; physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker. These Planes of Expression can greatly help you to understand your talents and abilities.

Your Plane of Expression Physical 1

Oprah, you are active and inspiring; you are daring in business and other areas of life.

You have strong likes and dislikes and live according to your opinions. You are charming and witty but get bored easily. You work hard and determined and are very goal-oriented. You thrive on the combination of enthusiasm and challenges, the lack of which makes you dull and disinterested. You are like a flare, burning brightly for a specific duration, but must move on to other projects in order to sustain your excitement.

Your Plane of Expression Mental 23/5

Oprah, you have a quick and highly versatile mind. You can absorb great quantities of information quickly and retain the important points.

You are impatient with routine procedures, and will rebel if forced to conform to any existing pattern for very long. You like to be involved in several projects at the same time. You are dynamic and resourceful.

Your Plane of Expression Emotional 24/6

You are highly emotional, yet you possess a rare degree of balance to which you can turn. You love family and close friends as few people are able. You worry too

much and feel responsible for other peoples actions.

You take justice and honesty with extreme seriousness; however, you may be too disciplined.

You have artistic talent. Oprah, you like to help others more than most, and are willing to sacrifice your own needs. You have an ability for teaching and healing.

You need much love and can give the same in return. You are highly idealistic, and very committed once you decide upon your soul mate.

Your Plane of Expression Intuitive 4

Oprah, you are traditional and like established procedures. You do not feel comfortable with abstract and unproven ideas. You prefer your ideas to be practical and usable. Your religious beliefs tend to be conventional.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

Your Balance is 18/9

You will find your solutions by empathizing with the concerns of others. You have a gift for understanding a wide variety of people and seeing the broader picture. But too often you retreat to aloofness, a kind of Ivory Tower, in which you regard yourself as an aristocrat, above the masses.

Oprah, you will find your solutions by coming down to the practical reality where people live. It is in giving that you will receive.

RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods? This is the kind of information revealed through your Rational Thought number.

Your Rational Thought is 15/6

Oprah, you are a listener, and you tend to relate everything to the effect it has on others.

You notice things that escape others, but when you try to find solutions, you often focus on details, forgetting the larger picture. Justice is a major factor in your thinking, many people in the legal field have this number.

When it comes to approaching a project or a problem that requires insight into the hearts and minds of children, very old people, or anyone who is disadvantaged in body or spirit, you have few equals. You are a natural defender of those who can not defend themselves. Depending on the core-numbers of your chart, you may want to consider a career in the legal field, or in the areas of teaching and healing.

CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

Your Cornerstone is O

Oprah, you have willpower, religious convictions, and high moral standards. You are patient and thorough when preparing yourself for some new venture. You respect rules and regulations. You are emotional and have to guard against jealousy. You are given to spells of brooding and imaginings.

SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

Your Subconscious Self is 7

You can appear indifferent to your surroundings and somewhat aloof. You are well-balanced and can survive many a stormy time. In time of trial, you withdraw within yourself finding solace and answers, in your creative and analytical mind. You may be a bit of a loner and do not easily share your feelings with others.

CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents, and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced

during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

Your First Challenge is 1

The duration of the First Challenge usually lasts from birth until approximately the age of 30 to 35.

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power.

You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual. This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts.

Oprah, you will learn your own set of values; you will develop into an individual with original and innovative ideas. If you have 1s in your core numbers or in your Hidden Passion this challenge will not be as difficult to learn, or as strongly felt.

Your Second Challenge is 1

The Second Challenge usually lasts until the age of about 35 to 40.

(This Challenge is the same as your First Challenge, described above.)

Your Third Challenge is 0

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

This is a less demanding challenge. Growth is allowed to take place without one particularly serious obstacle. This does not mean that there will not be challenges on your path, but there is no single and consistent challenge during this period.

Oprah, you are being challenged to stay faithful and focused on your highest ideals.

There is an opportunity to go deeper within yourself, and discover the inner being that is you.

Your Fourth Challenge is 0

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

(This Challenge is the same as your Third Challenge, described above.)

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life. The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with. You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. You will likely make some life-altering decisions; marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change, internally as well as externally, is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s ... the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 32) is 3

This is a highly creative period. Oprah, your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward.

This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and

discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities. Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

Your Second Pinnacle (from age 33 until age 41) is 3

(This Pinnacle is the same as your First Pinnacle, described above.)

Your Third Pinnacle (from age 42 until age 50) is 6

Under this Pinnacle you will be very involved with family, friends, and your community. Oprah, you will face an increase in responsibilities and duties, but you have a greatly enhanced sense of balance and perspective that allows you to handle emotional issues well.

Your family demands much of your attention. Matters involving spouse and children require much security, love, and sacrifice. You are the centerpiece of your family, the one people come to for solace and understanding. You may feel an increased burden, as you carry the cares of many. You will experience a deep sense of being needed.

This Pinnacle is full of love, closeness, and warmth, but you must rise to the challenges that close relationships bring. You must settle and bring harmony to personal conflicts between others. You are often the only one with perspective in a conflict. It is as if you are the keeper of justice, bringing understanding and compromise to situations that are polarized.

Under the influences of this Pinnacle, especially at its outset, people are often married or start families. Children are born, in-laws come into your life. You are the nucleus of a little world.

You must maintain your dignity. This is a period that makes it easier to sacrifice, but you can overdo it, becoming a doormat for others to step on simply to maintain a degree of peace. Know your limits and maintain healthy relationships.

This is a fine period for growth in business and financial matters. You attract people with resources who can help to further your personal goals. Moreover, you are balanced in your approach to business affairs. This can bring many rewards.

Oprah, your heightened sense of harmony and your genuine compassion makes you an excellent counselor and healer, especially if you already have native talent in any of these areas.

Personal health matters can also surface, causing you to reflect on diet, exercise, and other health habits. Your desire to help others is also increased. But this can lead you to poke yourself into situations where you do not belong, or delve too deeply into other people's personal affairs. Be careful not to meddle or interfere.

The 6 Pinnacle is a time of progress and growth as a full human being. You are

capable of developing yourself in many different directions, as a loving mate and parent; a sound businessperson; and as a pillar of your community. The time requires the balance you possess, since you can easily stretch yourself in too many directions and ultimately feel burned out by the demands in your milieu.

Your Fourth Pinnacle (from age 51) is 2

This Pinnacle causes you to be extremely sensitive, intuitive, and full of insight. It is a period that requires patience and the development of inner awareness. You are being asked to use gentle power and persuasion to obtain your desired goals. Direct approaches, forceful displays, and confrontations will likely work against you. You will find the most satisfactory roles to be supportive. You are now a gifted advisor, a diplomat and a peacemaker. Your insight into other people's feelings and motivations is so acute that you seem to be able to see right to the core of things. But rather than use these gifts to create differences between people, you must use them to create peace, to mend rifts, to harmonize.

Oprah, your challenge during this period is to bring balance to duality in every form, and at every level. You will recognize the value of both sides of an argument and be able to see the middle ground where peace can be made. You can create the atmosphere in which both sides can compromise and work harmoniously. You are the glue that keeps people and important projects together.

The weaknesses you must face and overcome are too much sensitivity. You may be tempted to indulge your feelings, to be too easily hurt. You may lack self-confidence, especially at the beginning of the Pinnacle when your heightened sensitivity and awareness make you conscious of your own shortcomings. You may succumb to fear and hesitation. All of this can lead to emotional turmoil.

You need courage and the willingness to reach out for support. Your sensitivity will make you acutely appreciative of beauty and harmonious environments. At the same time, you need beauty and harmony around you.

You have an increased appetite for music and the arts in general. You may find that your musical talents coming to the surface. If you do not already play an instrument, give in to any inclination to take one up. A person in a 2 Pinnacle who uses his or her sensitivity, understanding, and insight is very appreciated by others. You may not fully realize just how much others appreciate and respect you. This may cause you to feel undervalued, or that you are not getting the recognition you deserve.

You appear shy and humble, particularly if this is your first Pinnacle, but inside there is much pride that must be kept in check. You may want to hide from the tumult of life, or from difficult situations. This may tempt you to color the facts in order to protect harmony. Be careful of this tendency, because it often backfires.

You have an eye for precision and detail. Your taste in all aspects of life is enhanced and you possess a certain class that others admire. If you make the most of these qualities, your appearance is considerably improved, making you both attractive and graceful.

The world depends on those who maintain harmony and balance.

CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle, the early and mid 30s, represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

Your First Cycle (from birth until age 32) is 1

This is a period of much intensity. It requires fortitude, courage, and flexibility. Oprah, you will be forced to use every one of your talents in order to achieve your own personal individuality and independence. This is a period of integration and a focusing on your life's dream. Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality. This cycle marks a time of progress.

Your Second Cycle (from age 33 until age 59) is 11

A time of spiritual expansion, even illumination. Oprah, you will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals. There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms. You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given. The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Your Third and last Cycle (from age 60) is 1

(This Cycle is the same as your First, described above.)
