William and Kate, your Personality is 18/9
Your Personality compatibility is 9

INTRODUCTION

How to read your Relationship Compatibility Report

When two people are involved in a relationship, they get to know each other more deeply over time. At first, everything is wonderful and friction is rare. Then, as time goes by, you get to know other sides of your partner and, undoubtedly, discover some personality traits you don't like, and other traits you appreciate. The more time you spend together, the more you get to know each other. But even if you consider your relationship almost perfect, you will certainly experience at least some areas of possible friction.

The purpose of this report is to point out the different personality traits you possess, and how compatible they are. This report will help you identify those properties that are, at least to some extent, not compatible, and suggest how to prevent them from damaging, or dominating, your relationship.

It is important to also keep in mind that you may have some qualities that, although positive, are not compatible, but that negative traits are almost always a cause for friction. Therefore, you may find that this Relationship Compatibility Report is at times more critical and perhaps somewhat harsh, unlike most readings of this kind. If you feel uncomfortable with that, remember that this report was designed to throw light on those aspects in your charts that need to be understood and recognized, because if they are not, they can do a lot more damage than a few critical remarks in a reading.

William and Kate, you will probably encounter some texts such as: "The compatibility aspect in this area of the chart is already included in other parts of this report, offset by other conditions or redundant". This is done in order to offer a perspective that is as well balanced and clear as possible, and repeating certain traits would place too much emphasis on them.

Master numbers are also handled somewhat different in a relationship compatibility report. They are reduced to their single digit values, because it is in the single digits' archetype that those personality traits are represented. If a number that appears in your chart is 11, 22, or 33, and the compatibility refers to the numbers 2, 4, and 6 respectively, this is not a typo but an indicator that the compatibility is based on the single-digit sum of your Master number.

You will also find that some numbers normally included in a personal numerology reading are not included in a relationship compatibility report. This is because the compatibility between two people is influenced much more strongly ... as much as ninety-five percent ... by the core numbers, than by all the other numbers in the chart combined. In fact, the lesser numbers in the chart would only muddle the waters if analyzed in the context of a relationship compatibility report.

William and Kate, I hope you will enjoy your Compatibility Report and, more importantly, I hope you will find this reading to be beneficial to your relationship.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality, the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. You have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Numerological Chart!

William, your Life Path is 11/2

William, you have the potential to be a source of inspiration and illumination for people. You possess an inordinate amount of energy and intuition. There is so much going on in your psyche that you are often misunderstood early in life, making you shy and withdrawn. You have far more potential than you know.

You galvanize every situation you enter. You inspire people, but without your conscious effort. Energy seems to flow through you without your controlling it. This gives you both power and sometimes emotional turmoil.

You are a channel for information between the higher and the lower, between the realm of the archetype and the relative world. Ideas, thoughts, understanding, and insight ... all of these can come to you without your having to go through a rational thought process. There seems to be a bridge, or connection, between your conscious and unconscious realms, attuning you to a high level of intuition through which even psychic information can flow.

All of this amounts to a great capacity for invention. Many inventors, artists, religious leaders, prophets, and leading figures in history have had the 11 prominent in their chart.

Because you are so highly charged, you experience the consequences of a two-edged sword. You possess great abilities, but indulge in much self-reflection and self-criticism. You often feel highly self-conscious. You are aware on some level that you stand out. Even when you try to blend with your environment, you often feel conspicuous, alien, and out-of-place.

You are blessed with a message, or a specific role to play in life. But you must develop yourself sufficiently to take full advantage of that opportunity. Until that time,

your inner development takes precedence over your ability to materialize the great undertaking you were chosen to perform. Consequently, 11s seem to develop slowly, but they simply have more to accomplish in their evolution than the average person. Thus, your real success does not usually begin until maturity, between the ages of 35 and 45, when you have progressed further along your path.

You may often be frustrated, largely because you have extremely high expectations of yourself. But these expectations can be unrealistic, and can prevent you from accomplishing anything. You can be very impractical, envisioning a skyscraper when all that was necessary was a two-story house.

You may also suffer from bouts of confusion and lack of direction. This gives rise to loss of confidence and the onset of deep depression. The cause of these emotional problems is your lack of understanding of your own sensitivity and potential. Your desire to achieve some great ambition is enormous. However, a lack of confidence in your own ability to realize this dream may cause you much frustration. You sense the enormous potential you possess, which requires equally enormous confidence in your ability to materialize your dream. Confidence is the key that unlocks your potential.

On a strictly physical level, you must protect your nervous system, which is inordinately vulnerable to stress because of your acute sensitivity. Depression is often the result of long periods of stress that have gone unrelieved. Seek out peaceful and harmonious environments, relaxing music, and follow a healthful diet in order to restore balance and peace.

As an 11 Life Path, you are a highly charged version of the 2 and possess many of the characteristics and talents of that number.

You can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions. You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm. You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

William, you are a sensitive and passionate lover; your perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy. However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively.

You are a fine companion and possess a good sense of humor. When you have found your niche in life and begun to realize your true potential, your rewards will more than compensate for your trials earlier in life.

Kate, your Life Path is 12/3

You possess a great talent for creativity and self expression. Many writers, poets, actors and musicians are born under the 3 Life Path.

Kate, you are witty, possess a gift for gab, and savor the limelight. Your talent for the expressive arts is so abundant that you may well have felt drawn to becoming an artist while still very young. Your artistic abilities can only be developed, however,

through discipline and commitment to the true development of your talent. Commitment, concentration and hard work are the only means of bringing forth your talent. Thanks to your gift for self expression, you can be the life of the party, and the center of attention. However, you could easily squander your talent by becoming a social butterfly. Your creativity is the gift that can give you the comfort and luxury you desire, but not without continual focus and discipline. You are optimistic and possess the resilience to overcome many setbacks. You are socially active, popular, and inspire people with your sunny "happy go lucky" attitude. Kate, you can be generous to a fault. Many people born under the 3 Life Path have difficulty handling money because they can be disorganized and not particularly serious about their responsibilities. You are emotional and vulnerable. When hurt, you withdraw into a cloud of silence, eventually emerging from your reticence with jokes and laughter that cover up your true feelings. You can become moody and cynical when depressed. You can succumb to sarcastic remarks, which can be painful to those around you. When used positively, your talent for self expression can be a great inspiration force in the world, uplifting others, and bringing much success and happiness to you.

Your Life Path compatibility is 2 and 3

William and Kate, your Life Path numbers are the most important numbers in your charts, and as such, their compatibility is very important to the well-being of your relationship.

William, as a number two, you are not very well equipped to deal with criticism and confrontations ... you are vulnerable and can hold a grudge. On the other hand, Kate, as a number three, has an in-born ability to let negative criticisms bounce off without letting them do much damage. That does not mean that Kate can't be hurt, but simply that Kate does not allow little things to spoil the experience. That is exactly where a possible danger exists. A bit tactless at times, Kate can occasionally put the foot in the mouth, without realizing that this can have a negative effect on William. However, when "little things" grow into big emotional issues in which even Kate is strongly affected, Kate will respond passionately. Kate may even lose sight of the beauty and love that is the foundation of your relationship, letting anger and sharp verbal skills do considerable damage. William will respond, perhaps with a few angry words, but, more likely, by withdrawing. Thus, a hard kernel of resentment wrapped up in confusion and sometimes hidden from view for a long time ... since William doesn't think too clearly when emotions are in play and tends to walk away from confrontations ... may eventually become a source of such discontent that it will take everything Kate has to offer to bring William back.

On a more positive note, the combination of 2 and 3 is a very passionate and strong one. So, as long as Kate keeps verbal impulses under control, and William has enough self-confidence to handle occasional criticisms, the relationship has every chance of bringing lots of love and joy to your life.

Often, the combination two and three in this aspect of the chart also enhances each other's creative juices. The sense of harmony and rhythm connected to the two merges beautifully with the powers of expression so native to the three. Your relationship is strengthened enormously by sharing creative interests, and that is

where you should concentrate your efforts. Keep in mind that beauty and love lie at the bottom of your relationship, and that it is in your own hands to gradually destroy or make them stronger day after day. Discuss any issues as they come up, be open and frank, but also with tact and sensitivity.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be. The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

William, your Expression is 32/5

You are a free spirit. You love change, adventure, and excitement. You love your freedom. Like a bird that needs its wings to live, you cannot exist without it. Freedom is the nucleus around which your life revolves. You need it for your very survival. By using freedom properly, you are able to explore and develop all of your varied talents. You will meet many types of people and travel great distances. Freedom is the atmosphere necessary for you to bring forth your many talents.

You are capable of doing almost anything, and probably quite well. Only by avoiding the imprisonment of illusory security are you able to bring forth your abilities.

William, you are unusually adaptable. In fact, change is a blessing for you. In the same way, you need challenge and variety. You hate the routine of life; being stuck is a catastrophe for you. You become miserable when you are held back or held down.

The taste and texture and color of life have an overpowering allure for you. From childhood, you dream of seeing foreign lands, experiencing the sensual and the exotic. You want to try everything at least once in life. All of life is a playground for your senses.

But this can get you into trouble. You may fail to respect your natural limits, either

biologically or socially. Any sort of boundary is anathema to you, which can blind you to your natural limits, and may cause you to overindulge your desire for food, sweets, alcohol, sex, and drugs.

You are gifted in your ability to communicate. Your facility with words is almost limitless. You can be a salesman, politician, lawyer, public relations person, and minister. You also possess the talent to share and advance new ideas. You are talented with your hands. You love the new and untried. Your field is the frontier. You are a bit of a gambler, and often play for very high stakes. All of this combines to give you a youthful enthusiasm, which others find infectious and attractive.

You like to work with others, but need to perform your task un-encumbered by the restraints of others. William, you are a clever and a quick thinker, but your thought processes, like your life in general, can be unorganized and scattered. You must stay grounded and focused if you want to be successful.

You fall in and out of love frequently, especially early in life. You are naturally sensual and commonly have a strong sex drive. These characteristics usually make for a lively and exciting love life, but you must guard against shallow feelings and relationships. Your challenge is to develop mature and lasting relationships.

Self-discipline and setting healthy limits is the key to your success in virtually every area of your life. Ironically, you will find that as you learn to set appropriate limits on yourself, you will develop more self- mastery and realize even greater freedom.

This is especially true when it comes to finishing what you start. Your tendency is to give up once you've got a project or job under control; you grow bored quickly. You start to fantasize about a new challenge, or the rewards of your great accomplishment, long before the work is finished.

The 5 Expression desires the whole world. You are aware that you have many talents that can bring much success. But that success depends on your willingness to choose certain areas to concentrate on, and to bring them to perfection.

Kate, your Expression is 24/6

Kate, you are a loving and caring individual with a tendency to put the needs of others before those of yourself. You are responsible and trustworthy with a high regard for justice and honesty. Duty will follow you all your life and sometimes feel a little too much of a burden.

You are artistic. Harmony and beauty are high on your list of priorities. You have musical talent but the creative talents of a 6 are sometimes left undeveloped or suppressed as a result of your tendency to sacrifice your time and pleasure to the service of others. You are highly creative in all areas of life, particularly the visual. You are also a talented business person and can work methodically toward the realization of your goals.

You have a natural gift with flowers, gardens, and animals. Your love of children has caused numerologists to dub you the "Cosmic Mother or Cosmic Father". The very shape of the 6 resembles and symbolizes "Pregnant with Love".

You are a natural counselor and healer. But you must be careful not to interfere with

the freedom of others. You are recognized as an idealist, mainly regarding marriage, friendships and humanity.

The 6 is the most balanced of all numbers, but also contains within itself the greatest paradoxes. It is as if opposite tendencies were tenuously poised. Because of its gift for harmonizing these opposites, you are uniquely qualified to handle and integrate contradictions within yourself. It is for this reason that 6s so frequently find themselves in the role of healers or counselors, creating a peace between opposing points of view, or internal conflicts within the self.

While you can be very idealistic, there may also be a temptation to acquire beautiful objects by improper means. You must also guard against other meddling behavior and domestic tyranny, or always having to have your own way in a family dispute.

Conversely, you have it within yourself to understand another person's dilemma and come up with a creative solution. Your natural ability to give comfort and warmth can smooth over hurt feelings like a healing balm. You attract love and appreciation. And rightly so, because you give the same in return.

You make an outstanding teacher (especially dealing with young children or in special education), healer, counselor social worker, psychologist, artist, designer, gardener, florist, and farmer. You can be successful in business, especially those that involve dealing with people.

Your Expression compatibility is 5 and 6

More than any other number in your chart, your Expression number reflects who you are as a person. Earlier, you read about the Life Path number and how important that number is in your chart. However, the Life Path number reflects "the path you walk on", and should be seen more as a powerful influence rather than as a part of your personality makeup. Your Expression number on the other hand, reflects a deeper part of you. It is more difficult to overcome possible negative traits you may have recognized in yourself when they are found in this part of the chart, than when they are found under the Life Path description.

It can't be emphasized too much how important it is to realize that numbers in different areas of the chart affect you differently, even when it is the same number. Sometimes, you may read something that seems to directly contradict earlier statements. Yet, if you take the time to think about them carefully, you will probably recognize that you, as a human being, are extremely complex and full of the same contradictions. This is simply the way we are. You may be organized in one area of your life, while chaos rules in another area. You may be tactful and sensitive in one setting, and direct and confrontational in another situation.

William, you are attracted to Kate's strength and stability. Kate is the grounded force, offering almost unconditional love and protection. You feel safe and secure in Kate's love. Kate thrives on giving love, comfort and protection. In short, Kate is William's haven.

Kate, you are attracted to William because you recognize in William a free spirit. William has courage and curiosity, and brings excitement and growth to the

relationship. The five and the six complement each other very well. It is interesting to note that this kind of partnership is somewhat rare due to some initial distrust the six and the five have to overcome when they first meet. The five and the six archetypes have very little in common and usually don't reach out to bridge the gap. As a consequence, although not impossible, love at first sight is rarely found in this number combination. When a five and six are drawn to each other, it is usually very physical and sensual. Once you connect, William and Kate, the attraction quickly grows powerful, overshadowing just about everything else in your lives. This physical attraction is a strong foundation and while many couples, after a period time, often lose interest in the physical aspect, at least to some degree, in your particular case the physical attraction will last a long time and remain powerful. This physical attraction is particularly important to William, who is by nature more of a sensual person.

Once the initial distrust is overcome, Kate realizes that there is much more substance to William than William initially revealed. Kate found out that William, in spite of a reluctance to commit, is extremely loyal and trustworthy. The popular notion that people who change so easily, and adapt to new circumstances quickly, may not be so strong in their commitment is proven wrong when applied to the five. In fact, William is less likely to cheat than most people.

On the other hand, Kate can become a source of frustration and jealousy for William because Kate gives love freely and generously. In order to keep harmony, William needs to understand that this is simply Kate's nature. Kate is quick with hugs and shows of care and love to other people, but this should not be a reason for William not to trust Kate, or to be jealous. Kate simply has a lot of love to give. Teaching, healing, and counseling ... even if they are not part of Kate's career ... are major ingredients in the makeup of a six, and Kate needs avenues to express them. It is important that William keeps that in mind and does not let misplaced jealousy come between them.

On the other hand, the most difficult challenge Kate may have to overcome is to accept that William is likely more of a social animal. For William to be happy, William must live a dynamic life, full of impulsive decisions, changes, social activities and travel. Keeping that in mind, you will both need to offer your partner a lifestyle that is in harmony with what you want for yourself.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions.

Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The

Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth ... you, the spiritual being.

William, your Heart's Desire is 32/5

Freedom is essential for your happiness. You love change, new experiences, meeting new people, adventure and travel. You love the exotic, far away places. Variety is more than mere spice of life ... you thrive on it. You are extremely flexible and adaptable. You have more curiosity than the proverbial cat. You have a sharp mind and a natural ability with words. You are a born communicator, clear, fluent, and imaginative in every area that interests you, which are many!

Your Heart's Desire makes you very well equipped for life. Change, the only constant in life, doesn't threaten you, as it does other people. You are highly resourceful. Generally, you can think clearly in a crisis; you have good mental and physical reflexes. Whenever you fall, you tend to land on your feet.

You are highly enthusiastic. You get excited easily over a new idea or opportunity. Your nature is unconventional. You are a bit of a gambler, taking risks whenever you think the rewards are worth it.

You are very socially oriented and rarely, if ever, dull or boring. You are, of course, drawn to those people who, like yourself, are original thinkers and have exciting personalities.

You enjoy being involved in several projects at the same time. You need continual stimulation by the new and fascinating. You tend to discard boring pastimes quickly.

Your love of freedom and change can have numerous consequences. You can be irresponsible, especially when it comes to finishing tasks. You have a hard time persevering at a given project and bringing it to completion. You must be careful that your love of sensory pleasure doesn't lead you to excessive indulgence in alcohol, food, sex, and even drugs.

William, you are a bit of a hero and want to save the world. This causes you to make promises you often cannot keep. Down deep, you long to please everyone, an impossible goal. Many 5s can be emotionally superficial. They feel love passionately, but fear making deep and lasting commitments. As a result, they resist the depths of emotional attachments and remain on the surface where it is safe.

You will experience many changes and unusual events, but you learn best through experience. Therefore, your life will be full and you will make great strides in personal growth.

Kate, your Heart's Desire is 6

Your attention is directed to helping and caring for those you love. You are exceedingly domestic. You love your home and family and work hard to make both comfortable and secure. Your love for family and friends is a major source of your happiness and sometimes unhappiness.

Your desire to help others is so strong that you often find yourself sacrificing your own personal needs for someone else's. You can overdo it, becoming too deeply involved in other people's lives. You risk interfering in personal matters and or smothering those you love in too much affection. This can be especially weakening to children, who never experience their own personal strength if an adult is too protective.

You are extremely loyal and rarely let anyone down. You need to feel appreciation for your giving and caring. You want to know that you are needed.

Kate, you are generous and very forgiving. You are somehow able to overlook the worst mistakes in another and find enough good in that person to continue the relationship.

You are patient, warm, and sympathetic, sometimes to the point of sentimentality.

You have a natural ability as a counselor and healer. You are an excellent listener, compassionate and understanding. You are able to both sympathize and empathize with a person's dilemma. Your challenge as a counselor is to be adequately educated so that you can do more than provide a sympathetic ear or shoulder.

Your Heart's Desire compatibility is 5 and 6

Compatibility of the Heart's Desire numbers is very important in a relationship ... few relationships last beyond the initial stage if the Heart's Desire numbers are not compatible.

William and Kate, as you can see, the numbers that define the compatibility of your Heart's Desire are identical to those found under your Expression compatibility.

As a result, this increases the influence of both the positive and the negative attributes as described under your Expression compatibility. If the two of you, as a couple, are able to focus your energies on the more positive aspects, as described under your Expression compatibility, this will greatly enhance your relationship. However, if you become susceptible to the negative influences, it will become particularly difficult to overcome them.

Go back and read your Expression compatibility again for a better understanding of how the increased influence of these numbers can affect your relationship. Learn to recognize the negative attributes of these numbers and be vigilant in your efforts to prevent a break down that could easily result if the negative influences of these numbers are allowed to dominate.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with, people or situations, but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

William and Kate, your Personality is 18/9

William and Kate, you both have the same number in this part of the chart. The following text therefore applies to both of you.

You have an impressive and aristocratic bearing. No matter how tall you are, you appear noble and upright. You are very much in control of the image you send out to others.

Many actors, dancers, and other performers have a 9 Personality Number. You are elegant, graceful, and charismatic. Many admire you. You have the kind of stature that pulls people to you or repels them intensely. Some are jealous of you and may seek to belittle you. You may encourage this to some extent by the amount of arrogance you radiate. This is a caution for all 9 Personalities ... they are sometimes aloof and hold themselves above the world.

Your challenge is to come down to earth with your fellow man. Conversely, you have a great compassion for humanity and want to dedicate yourself to improving the lot of others. You are better when dealing with the trials of the many than the trouble of a single person. You are more capable of working on the grand scale, addressing the needs of society, than on a one-to-one basis.

William, you are kind and sympathetic, helpful and compassionate. Behind the controlled and calm facade, you are sensitive, vulnerable and emotional.

You have excellent taste. There is a good deal of artistic talent in you that shows in your home environment and your clothing.

You tend to see yourself as a guardian of society, a benevolent leader, guiding and directing your community toward a better world.

Your Personality compatibility is 9

Quickly recognized when two people first meet, not many relationships even get started unless their Personality numbers are compatible.

William and Kate, this combination often creates a partnership that goes well beyond romance. Both idealists, you are sufficiently focused and have enough clarity of purpose to devote your life to a single goal, paying little or no attention to the monetary aspect. Contrary to what one might expect, this often results in

financial prosperity, albeit not until somewhat later in life. Most likely, William and Kate, recognition of similar souls was responsible for the initial attraction between the two of you. Endless conversations that were mutually inspiring helped you realize that your dreams were attainable, and that you needed and wanted the company of each other. The bond is strong and will not weaken over time, since you thrive on each other's experiences. The compatibility is powerful and strengthens each of you as individuals. You may find yourselves choosing almost identical careers, perhaps even within the same organization or institution. All these similarities make others see you as an unbreakable couple, the kind of bond that often exists between brothers and sisters.

However, some pitfalls may exist, even in this extremely compatible combination. William and Kate, in extreme cases, the number nine shows a tendency to believe in ideals to such an extent that it turns into an obsession. Self-righteousness, narrow-minded moral values, and religious fanaticism are not uncommon, nor are arrogance, pride, and a superficial confidence. That explains the fact that the number nine is often found among political and religious extremists. Excessive belief in your ideals may cause problems to your relationship. It is important for both of you to remain open to other people's ideas, to respect their different opinions, and to remain humble within yourselves.

William and Kate, the only real danger in a relationship between the nine's found in this part of the chart appears when either, or both, of you lose your ability for self-criticism and self-reflection. It is essential to keep in mind that even in idealism, moderation is required ... in fact, it is the keyword to safeguarding this otherwise excellent number combination.

Although there is potential in any relationship, some match-ups are more likely to succeed than others. Below is your compatibility rating, derived from the combination of the four Core numbers discussed within this reading. It should be noted that some of the numbers are given more weight within the calculation of this rating. Your overall "compatibility" is rated as Fair (Between 63 and 69%).

The graph below show the distribution of results from several hundred couples. The red line in the graph indicates your average rating relative to the rest of the population.
