INTRODUCTION

About your Personal Reading

This reading was composed for you, Michelle, and is based on your full name at birth, your date of birth, and the name you now use to introduce yourself with. Please check your birth data on the title page to make sure the names and date of birth used are correct.

Your Personal Numerology Reading describes all aspects of your chart as they are understood in numerology, accurately and in-depth. Each chapter starts with a short introduction telling you where this particular number is found and how it affects you. This is followed by the number itself. Often, you will find a double digit number followed by a single digit. The meaning of your number is then explained in easy to read language.

Michelle, you don't need to know anything about numerology to be able to enjoy and benefit from this reading.

I hope you will enjoy your reading.

LIFE PATH

If ever there was a moment of total transformation, it was the moment of your birth. In that instant, you stepped through a door in time into a new reality, the reality of human life. The most important number in your numerology chart is based on the date of your birth, the moment when the curtain goes up in your life.

Even at that moment, you were a person with your own unique character, as unique as your DNA. Everything that is you existed in potential, much like a play that is about to begin. Your entire life exists as a potential that has been prepared for. You have ultimate freedom to do with your life as you like: To fulfill its potential completely, or to make some smaller version of yourself. It all depends upon your effort and commitment. You make the decisions to fulfill, to whatever extent, the potential life that exists within you. That is your choice. In this sense, the possible you is implicit during the moment of your birth.

The Life Path number gives us a broad outline of the opportunities, challenges, and lessons we will encounter in this lifetime. Your Life path is the road you are traveling. It reveals the opportunities and challenges you will face in life. Your Life Path number is the single most important information available in your Personality Chart!

Your Life Path is 11/2

Michelle, you have the potential to be a source of inspiration and illumination for people. You possess an inordinate amount of energy and intuition. There is so much going on in your psyche that you are often misunderstood early in life, making you shy and withdrawn. You have far more potential than you know.

You galvanize every situation you enter. You inspire people, but without your conscious effort. Energy seems to flow through you without your controlling it. This

gives you both power and sometimes emotional turmoil.

You are a channel for information between the higher and the lower, between the realm of the archetype and the relative world. Ideas, thoughts, understanding, and insight ... all of these can come to you without your having to go through a rational thought process. There seems to be a bridge, or connection, between your conscious and unconscious realms, attuning you to a high level of intuition through which even psychic information can flow.

All of this amounts to a great capacity for invention. Many inventors, artists, religious leaders, prophets, and leading figures in history have had the 11 prominent in their chart.

Because you are so highly charged, you experience the consequences of a two-edged sword. You possess great abilities, but indulge in much self-reflection and self-criticism. You often feel highly self-conscious. You are aware on some level that you stand out. Even when you try to blend with your environment, you often feel conspicuous, alien, and out-of-place.

You are blessed with a message, or a specific role to play in life. But you must develop yourself sufficiently to take full advantage of that opportunity. Until that time, your inner development takes precedence over your ability to materialize the great undertaking you were chosen to perform. Consequently, 11s seem to develop slowly, but they simply have more to accomplish in their evolution than the average person. Thus, your real success does not usually begin until maturity, between the ages of 35 and 45, when you have progressed further along your path.

You may often be frustrated, largely because you have extremely high expectations of yourself. But these expectations can be unrealistic, and can prevent you from accomplishing anything. You can be very impractical, envisioning a skyscraper when all that was necessary was a two-story house.

You may also suffer from bouts of confusion and lack of direction. This gives rise to loss of confidence and the onset of deep depression. The cause of these emotional problems is your lack of understanding of your own sensitivity and potential. Your desire to achieve some great ambition is enormous. However, a lack of confidence in your own ability to realize this dream may cause you much frustration. You sense the enormous potential you possess, which requires equally enormous confidence in your ability to materialize your dream. Confidence is the key that unlocks your potential.

On a strictly physical level, you must protect your nervous system, which is inordinately vulnerable to stress because of your acute sensitivity. Depression is often the result of long periods of stress that have gone unrelieved. Seek out peaceful and harmonious environments, relaxing music, and follow a healthful diet in order to restore balance and peace.

As an 11 Life Path, you are a highly charged version of the 2 and possess many of the characteristics and talents of that number.

You can be extremely diplomatic and tactful. You are also patient and cooperative. You work well with groups and somehow find a way of creating harmony among diverse opinions. You enjoy music and poetry and require a harmonious environment. You have an eye for beauty and a fine sense of balance and rhythm.

You have healing capabilities, especially in such fields as massage, acupuncture, physical therapy, and counseling.

Michelle, you are a sensitive and passionate lover; your perceptiveness makes you aware of your partner's needs and desires, which you are able to fulfill with almost magical delicacy. However, when you feel you have been mistreated or jilted, you can react with devastating power, sometimes using personal criticisms vindictively.

You are a fine companion and possess a good sense of humor. When you have found your niche in life and begun to realize your true potential, your rewards will more than compensate for your trials earlier in life.

BIRTHDAY

The day you were born bears great significance in understanding who you are and where your talents lie. The day of birth indicates some special talent you possess. It is a gift to you that will help you along your Life's Path. Your day of birth is one of your five Core numbers ... the Life Path, Expression, Heart's Desire, and Personality being the other four. It is the least significant of the five numbers, but perhaps the most finite, in that it reveals a specific ability you possess in a marked degree.

Your Birthday is 17

Michelle, you are highly ambitious, and blessed with excellent business and financial instincts. Your approach to business is original, creative, and daring. You are highly independent.

You have very sound judgment. You are an excellent manager and organizer. You are gifted with the ability to see the larger picture, and, remarkably, how the details come into play. You are efficient and can handle large projects.

Your challenge is to avoid becoming obsessed with your own judgment and power to the point that you refuse to delegate authority or responsibility to others. You can easily slip into the role of dictator, benevolent or otherwise, feeling that you and only you have sufficiently sound judgment to guide the ship.

You are self-confident and have high expectations of yourself. Interestingly, the expectations of others stimulate you, especially if they doubt you can pull off what you intend to do.

Michelle, you tend to be dramatic, especially with money. You have a need for status and may show off the fruits of your labor with an impressive car or house.

Whether it is business or socially oriented, you have a big dream. Your ambitions spread out far and wide and you will not rest until you have placed your mark on the world.

You love your home and family and like to be complemented. Avoid becoming domineering or possessive of your enterprise. Share the fruits of your labors with others, which will multiply your pleasure manifold.

EXPRESSION

Your Expression number reveals your physical and mental constitution, the orientation or goal of your life. Some numerologists refer to this number as the Destiny, because it represents a lifelong target at which you are aiming. You work at fulfilling this potential every day of your life. Thus, the Expression number reveals your inner goal, the person you aim to be. The Expression number reveals the talents, abilities, and shortcomings that were with you when you entered your human body. Your name, and the numbers derived from it, reveals your development, as well as the talents and issues you will be working with during this life.

For those for whom reincarnation is an accepted philosophy, the vibration of your full name can be seen as the totality of your personal evolution, the experiences, talents, and wisdom accumulated over many life times. Every experience, no matter how great or small, along this evolutionary path has influenced your development, and brought you to your current state of being.

The Expression is your being; the Life Path is the major lesson you are attempting to learn this time around. Time allows the gradual emergence of your personality. By reading the Expression number below, you will come to understand your basic nature and the abilities and issues inherent in your being.

Your Expression is 16/7

Michelle, you are gifted with an analytical mind and an enormous appetite for the answers to life's hidden questions. You have a strong interest in exploring scientific matters, philosophy, and even mysticism. You possess clarity and persistence in your search for truth. You can be a great researcher, educator, and philosopher.

You are driven by a desire for knowledge and truth. You must learn to discriminate between illusion and reality, but you are well equipped for this task. Your fine mind offers you insight into the veiled mysteries of life. You also possess a considerable amount of perspective. Somewhere inside you, you are aware of a peaceful place that you call upon during difficult times.

Michelle, you need time to be by yourself. Too much social interaction causes you stress. You need your privacy and a place that can be shut off from the hustle and bustle of life. You tend to keep your thoughts to yourself and are secretive. Unless your 7 expression is balanced by extrovert characteristics (usually revealed by the numbers 1, 3, 5, and 8), your introversion may pull you deeply within yourself, even cutting you off from others.

You have a strong dislike of the superficial and mundane. You are often surprised by the lack of understanding or depth of knowledge of others, many of whom do not take the search for knowledge as seriously as you do. This can cause you to be critical of others, and even cynical about life in general.

The more cut off from others you become, the more hidden are your motives. Once you develop understanding of people and life, your advice and counsel will be sought by those around you who need your wisdom.

You love to specialize your knowledge and develop great depth within your field.

You are a perfectionist. You should complete your studies early in life and not be driven too hard by a desire to be successful. Let things come at their own pace, be open to opportunity, but remember your rewards, satisfaction, and contentment come from a higher source.

Sevens can be distant and aloof. When dominated by their darker characteristics, they can be unfaithful, dishonest, and cruel. Contemplation, meditation, and the softer, finer vibrations of life can restore your sense of harmony and keep you on the path to peace and balance.

You have a logical mind. Your analytical skills cause you to approach a problem in a detached, surgical kind of way. Researchers, analysts, investigators, inventors, technicians, scholars, lawyers, bankers, watchmakers, priests, philosophers, theologians, and administrators in some scientific or technical field are among the vocations 7s are drawn to.

MINOR EXPRESSION

The Minor Expression number is based on the current (or short) name; the name you now use to introduce yourself including your last name. The influence of the short name is minor in comparison to your full name. Interestingly, the short name often compensates in some way for numbers (and their related characteristics) that are missing or out of balance in the full name.

For instance, a number missing in the full name may show up prominently in the short name; or a number (or numbers) that appears in excess in the full name can be compensated for in the short name. If a name change takes place later in life through marriage or for professional reasons, it adds or subtracts certain qualities. It can also focus and intensify existing characteristics or talents that may be latent.

Your Minor Expression is 9

The influence of this number makes you more concerned with the well-being of others. Michelle, your Minor Expression number increases your sensitivity to the needs of society. You feel an urge to serve humanity in a more direct way.

The number 9 helps you to better communicate and understand all types of people. You are more aware of your artistic talent and the need to express yourself. Your name opens you up to a larger view of life. It attunes you to political movements, philosophical theories, and spiritual practices. You are more sensitive to the larger patterns of humanity.

HEART'S DESIRE

Your Heart's Desire is the inner you. It shows your underlying urge, your true motivation. It reveals the general intention behind many of your actions.

Consequently, it dramatically influences the choices you make in life. The Heart's desire is seen as part of the larger picture, called the core numbers, which includes the Life Path, Expression, Day you were born, and Personality. But each points to a different aspect of you.

The Expression number reveals your talents and abilities, and your general direction in life. The Life Path is the central lesson you came into the world to learn. The Day you were born is very closely connected to your Life Path. It reveals specific talents you possess, which will be helpful to you in dealing with your Life Path. The Personality reveals how people tend to see you. It also demonstrates what characteristics you are projecting to the world. The Heart's Desire demonstrates the identity of the soul that joined the earth ... you, the spiritual being.

Your Heart's Desire is 9

Michelle, you want to be of service to the world. Your deepest satisfaction comes from knowing that you have advanced the cause of humanity. Your ideals are of the highest order. You are a perfectionist. You strive to make the world a utopia; to make each person's lot in life better; to become perfect yourself. One of your challenges in life is to strive toward your lofty goals and at the same time recognize the good you are doing.

You like and are fascinated by people from all walks of life. Human nature is a lifelong study for you. You are highly intuitive, but not an especially good judge of character. You are a bit naive, as well, thinking perhaps that all people have the same values as you.

You dream of having the resources to immediately relieve the suffering of others, whether it is economic, physical, or psychological. You are gifted with a good mind and a great deal of wisdom, which makes you a natural teacher, counselor, or healer.

As much as you desire to be of service to others, you also crave fame and the approval of the masses. Much of the energy you expend in life is directed toward putting yourself before an audience, most often as a salesperson whose product provides some social good; as a philanthropist; or an artist.

Michelle, you are attracted to the arts as a vocation, especially as an actor, photographer, or writer. But whatever your profession, any involvement in the arts, even as a hobby, will provide you with a deep and lasting satisfaction.

Secretly, you dream of having a big impact on the world. Others may see this as egotism, especially when you are still young. But your concern for others is genuine. You must apply yourself in this direction in order to become psychologically whole and personally satisfied.

Your vision is on the crowds of people, which can cause you to overlook the needs of those closest to you. You need personal love as well, but have a tendency to put your needs in the background. Still, you are a loving person, and only need to be reminded to direct and demonstrate that love to those nearby. If, however, you are focused exclusively on the masses, people will perceive you as distant and a bit aloof.

You are emotional, and sensitive. You can also be moody and critical. You have high expectations for yourself and others. This can cause you much anger when your expectations are unfulfilled. One of your most important life lessons is to forgive.

Because you are striving hard to attain high ideals, you may think of yourself as

superior to others. Arrogance is a trap many 9s fall into. The danger is that arrogance cuts you off from the thing you love the most ... people.

Michelle, your happiness and contentment are therefore highly dependent on the ease with which you are able to serve and influence mankind. It is the paradox of your Heart's Desire that you receive by giving. Both your material success and spiritual satisfaction are made possible through service and sacrifice to others.

MINOR HEART'S DESIRE

The Minor Heart's Desire number is derived from the vowels of your current name; the name you now use to introduce yourself. The current name is a refinement of the more complex qualities of your longer name (the full name at birth). It sharpens and bundles the energies that are reflected by your full name. It intensifies certain aspects of your being, and de-emphasizes others. For this reason, the short name often provides insight into what you truly want in life. It also often reveals the extent of your understanding of what you want from this life. It reveals both your strong desires, and the limits you place upon your potential.

Your feelings about your current name are different from your full name. It affects how you feel about yourself; it changes your identity slightly.

Your Minor Heart's Desire is 9

The shortened version of your name broadens your outlook on life. It makes you more compassionate, socially oriented, and concerned for the welfare of humanity.

Michelle, your Minor Heart's Desire increases your idealism, and capacity for self-sacrifice toward a higher goal. You want to make a difference in life.

You may be more likely to hold yourself aloof and thereby making it harder to find the personal love you need.

Your appreciation for the arts is increased, and any artistic talent you may have is enhanced. You may want to become more of a teacher, and are attracted to knowledge that will further this ambition.

PERSONALITY

Your Personality number is derived from the consonants of your full name at birth. Your Personality is like a narrow entrance hall to the great room that is your true nature. It is those aspects that you feel comfortable sharing with people at the outset of a relationship. With time and trust, you invite others into the deeper aspects of your nature; you reveal more of who you really are, in effect, your Heart's Desire, Expression, and so on.

Your Personality number often serves as a censoring device, both in terms of what you send out, as well as what you allow to approach. It discriminates in the kinds of people and information you let enter your heart and mind. For this reason, your Personality is usually much more narrow and protective in its definition than the real you. It can screen out some of what you do not want to deal with, people or

situations, but it also welcomes those things that immediately relate to your inner nature.

Your Personality number also indicates how others perceive you. No one can be objective about himself or herself. Even our closest friends and relatives have trouble describing how they see us.

Your Personality is 34/7

You seem mysterious and different. People see you as serious and studious. You are highly independent and self-sufficient. Your exceptional intelligence and wisdom are quickly noticed, people respect you. You are not one to attract people on the basis of your warmth or compassion, though you may be loaded with both, but because of your obvious insight into life's mysteries.

You are hard to get to know. You are often withdrawn. It is common for people to see your focus turn inside of yourself in the middle of a conversation.

You have the makings of an intellectual and an aristocrat but you have to guard against arrogance and an attitude of, "I've got it all figured out". There have been periods in your life when you had little concern for your clothing or fashion, while at other times you are very aware of your clothing and use it to make a specific impression.

You appear dignified no matter how you dress, but a well groomed seven with a touch of dash definitely has an advantage. Your confidence increases when you know you are well dressed.

Michelle, you are recognized as spiritual and religious, with your very own ideas regarding the purpose of life and the Creator.

You are an inspired speaker, but only when discussing subjects that really interest you. Otherwise, you are not one for chatter. Your love of knowledge and wisdom shows.

MATURITY

Your Maturity number indicates an underlying wish or desire that gradually surfaces around age thirty to thirty-five. This underlying goal begins to emerge as you gain a better understanding of yourself. With self-knowledge comes a greater awareness of who you are, what your true goals in life are, and what direction you want to set for your life. This, in a nutshell, is the gift of maturity: You no longer waste time and energy on things that are not within your own special identity.

No matter what your age is at present, your life is being channeled in a specific direction, toward a very specific goal. That goal can be seen as a reward or the fulfillment of a promise that is implicit in your current efforts, often without your knowing it consciously. While the characteristics of this number are usually visible during childhood, we tend to lose sight of these aspects until later in life. But our lives are always being affected by this influence, nonetheless.

Your Maturity number begins to have a more profound impact on your life after the age of 35. The influence of the number increases steadily as you grow older.

Your Maturity is 18/9

Michelle, your concern for the well being of society will grow more powerful as you come to maturity. You will be drawn to doing much public service. The long-term good of your community and even the world will occupy your thoughts increasingly.

As you mature, your appreciation for the arts and beauty in any form will also increase. It is quite possible that you will be actively involved in the arts, if that is not already the case, often as a benefactor.

Service to humanity is fundamental to your life. You will grow in understanding and wisdom as you mature. Involvement with international affairs or humanitarian service offers you much satisfaction.

If you already have several 9s in your chart, especially among the core numbers, you will have to guard against arrogance, aloofness, and alienation. If you have few 9s in your chart, or none at all, you will gain a sense of your personal place among the human race. You will feel you belong and that you have provided something of lasting value for the future.

L/E BRIDGE

The Bridge numbers in your chart are the numbers that indicate how you can make the relationship between the individual core numbers in your chart easier and more compatible. Bridge numbers have the potential to "close the gap" between the Life Path and Expression number, or the Heart's Desire and Personality number.

In this chapter we will explain what you can do to make your talents, strengths, and specific abilities (Expression number) more easily available and fitting the needs of your main lesson(s), and expected direction of growth (Life Path).

Your Life Path/Expression Bridge is 5

Michelle, you need to be more flexible and adaptable. Be willing to go out on a limb; be adventurous and unconventional. Be tolerant and flexible. Accept changes. Rigid ideas and dogmas may keep you from reaching out and following your dreams. Make freedom a high priority in your life. Your strength lies in using your creative talents in a business-oriented manner. Your weakness is your tendency to suppress your creativity in favor of career and business. This can make you overly cautious and slow to make decisions.

H/P BRIDGE

Several Bridge numbers can be found in your chart. The Bridge number between the Life Path number and the Expression number was described earlier in your reading. The following Bridge number relates to your Heart's Desire number and your Personality number. This Bridge number, the Heart's Desire - Personality bridge, explains how you can make your deeper self ... your needs and desires, your true nature ... more aligned with the part of your personality others tend to recognize when they meet you. With a little exaggeration, you could say that your Personality number is somewhat like your mask. It is the more superficial you; a protective

shield and a camouflage of the deeper you. You can easily imagine how much more comfortable, and less self-conscious, the experience of life becomes when your deeper and more real you is closer and more fitting to the personality you reveal on a day to day basis.

Your Heart's Desire/Personality Bridge is 2

Be more sensitive to the needs and expectations of others. Do not rock the boat too often, but keep the peace and try to make things run smoothly. You have to use your ability to influence others with gentle diplomacy, instead of confrontations. Be more cooperative.

KARMIC LESSONS

Numerology is based on the understanding that we enter life with certain strengths and weaknesses. Karmic lessons are areas that we are currently weak in and must be faced and worked on in this life. There can be more than one Karmic Lesson. These are indicated by the absence of certain numbers in your name.

The letters and numbers of your name point to talents and abilities that you possess. These characteristics can be compared to a workshop in which certain tools are available to you. Missing numbers, those that are not represented in the letters in your name, imply tools that are unavailable, and must be learned and mastered during this lifetime.

You may well recognize your Karmic Lessons as weaknesses you have learned to overcome in the course of your life, however, the challenges implied in your Karmic Lessons will continue to come up occasionally for the rest of your life.

(There are no Karmic Lessons hidden in your name.)

HIDDEN PASSION

Your Hidden Passion reveals one or more special strengths and talents that you rely upon and are available to you. The Hidden Passion represents your specific field of expertise, or a concentrated talent.

Metaphorically, this talent can be seen as having a power all its own to shape your life. Its existence gives you a strong desire to develop and to express that particular ability. Having the talent demands that you express it, that you experience this part of you, and that you live according to its nature. In this way, the Hidden Passion shapes your personality, and guides your life.

Your Hidden Passion is 3

You are highly social and have a gift for self-expression. You love to entertain and attend parties. You are exceedingly popular, and a good friend.

You are highly talented in one or more of the arts ... writing, acting, music, or painting. You need excitement. When things are dull, you tend to fantasize and sometimes exaggerate.

You are very inspiring and motivating to others. You are blessed with a considerable amount of charm and charisma. You are highly optimistic, which can make you a bit of a rolling stone. You think that the grass is always going to be greener on the other side of the hill.

Michelle, you need discipline and focus to make the most of your talents. You can fall victim to scattering your energies. You have to guard against being selfish and indulging in too much sensory gratification.

Your Hidden Passion is 5

You love travel, change, and new challenges. You are highly adaptable and versatile. You have a talent for languages, and are generally good with words. Writing, promotion, and public relations work suit you perfectly.

You are sensual and a bit impulsive. You love to satisfy your senses, which can get you into trouble. Overindulgence in food, drink, sex, and drugs are common among people with too many 5s ... six or more.

You are resourceful and original. You have a good sense of humor and a quick tongue. Your desire for freedom is extremely strong and it will take effort and discipline to stick with whatever it is you started. There is a tendency to give up a project or situation prematurely. Michelle, you may be interested in too many things, which can make it hard for you to apply yourself to one area successfully. You are very unconventional.

Commitment in relationships and your work is fundamental to your happiness. You may have a tendency to wander from person to person, job to job, making depth of relationship or deep expertise difficult.

PLANES OF EXPRESSION

Each of us experiences life on four different levels: with our physical body; our mental faculty; our emotional makeup; and our intuition. Each of these areas has a specific means of perceiving information. The physical body is capable of touch, taste, pleasure, and pain. It provides us with a sense of the physical world. The mental body, like the emotional and intuitive natures, perceives the invisible worlds. Our minds deal with the world of thought. The heart, of course, is preoccupied exclusively with the world of emotion. Our feelings teach us many things about ourselves and about others. Finally, we have the capacity for direct contact with the higher realms by way of intuition. Intuitive insight comes in a flash. It is not rational ... that is the world of the mental plane ... but comes as if it were placed at the doorstep of our minds. Intuition, therefore, bypasses all effort.

These four faculties exist in all of us. But each of us depends more on one or two of them for the bulk of our knowledge. Some of us are possessed by our senses, while others live almost exclusively in our hearts, or minds. Numerology indicates how we as individuals function on each plane. The letters of the alphabet are divided in four categories; physical, mental, emotional and intuitive.

The proportion of each category in your name gives a good indication of which Planes of Expression are strongest in you, and which ones are weaker. These

Planes of Expression can greatly help you to understand your talents and abilities.

Your Plane of Expression Physical 5

Michelle, you have a natively strong constitution. You are versatile and resourceful. You have a flexible body and quick reactions.

You enjoy change, travel, and meeting new people. You have a talent for promoting ideas. You are attracted to the new and exciting. You seek knowledge and understanding through experience.

You go about life in a unique and innovative way; you avoid the conventional and traditional.

You talk well about many different things and are an excellent salesman if you believe in the product.

Your Plane of Expression Mental 13/4

Michelle, you are a fine planner with a good eye for details. You are very conscientious and practical. However, you can get lost in the details of a project and lose sight of the larger picture.

You must learn tact and give others, especially family members, the room to live according to their own standards. You can be somewhat domineering, especially when you are concerned about their general well-being.

Your Plane of Expression Emotional 42/6

You are highly emotional, yet you possess a rare degree of balance to which you can turn. You love family and close friends as few people are able. You worry too much and feel responsible for other peoples actions.

You take justice and honesty with extreme seriousness; however, you may be too disciplined.

You have artistic talent. Michelle, you like to help others more than most, and are willing to sacrifice your own needs. You have an ability for teaching and healing.

You need much love and can give the same in return. You are highly idealistic, and very committed once you decide upon your soul mate.

Your Plane of Expression Intuitive 10/1

Michelle, You are highly intuitive with flashes of insight. You probably attribute most of your thoughts to your mental capabilities, but in fact your insights come from another, higher resource.

BALANCE

People experience different internal responses to life's challenges. Some withdraw from difficult situations to think them through; others withdraw from their emotions, to try and keep themselves from feeling anything. Some explode with emotions, but allow the explosion to pass quickly. Others linger with their feelings, holding on to

them well past the time they should have let them go.

Very often, these are conditioned or emotional responses that emerge without thought or analysis. Maturity and self-development help us to learn new and more effective methods of handling our world and the problems we confront. Your Balance number provides you with the guidance on how best to deal with difficult or threatening situations.

Your Balance is 16/7

You retreat into some safe haven within yourself, and hope you will not have to deal with the issue at hand. Yet, the clarity and analytical abilities of your mind are sufficient to provide you with insight into the problem, and a clear path to its solution.

Michelle, you have to work at confronting yourself and the issues you face unemotionally and calmly. You can be engulfed in the emotional aspects of the issue, which clouds your mind and prevents you from using your clarity to find an answer. Get past the emotion and you will find an answer.

RATIONAL THOUGHT

Your Rational Thought number reveals what can probably best be described as the way you think. Are you a practical, methodical thinker, or a dreamer? Do you frequently allow your imagination to color your perception? Are you unconventional and original in the face of a practical problem, or do you stick to proven methods? This is the kind of information revealed through your Rational Thought number.

Your Rational Thought is 12/3

You are creative, but your thoughts tend to be scattered. You jump around inside your head without much focus. You come up with solutions that reveal an illogical approach, yet they often work.

As it applies to you, rational thinking is a contradiction in terminus. You project, interpret, and analyze your projects and problems in a manner that often leaves others flabbergasted. However, you are unbeatable when it comes to shining new and original light on issues; often coming up with unique answers.

You have this Rational Thought number in common with a number of famous and original thinkers - and the key-word here is original - throughout history.

CORNERSTONE

The first letter of your first name gives an additional indication to your character, particularly as to the manner in which you approach opportunities and obstacles. The first letter is called your Cornerstone.

Your Cornerstone is M

You are energetic and hardworking with a touch of the workaholic. You are efficient and do not tire easily. You likely have a strong physical constitution. You are domestic and want financial security. Michelle, you are tolerant and can endure hardships. You have to be more patient with others.

SUBCONSCIOUS SELF

Your Subconscious Self reveals how you react to demanding situations. It indicates your ability to get the most out of your talents and opportunities, especially when you face new or challenging circumstances. The Subconscious Self also reveals the areas of our character that need to be strengthened.

Your Subconscious Self is 9

You are somewhat impersonal and may be difficult to get to know. You are not demonstrative of your affections, though you often have deep feelings and great compassion. You are competent and controlled in any situation. You have no specific Karmic Lessons and are therefore not as vulnerable to Life's ups and down's as others.

CHALLENGES

Each of us is born with both strengths and weaknesses. Numerology looks at life as if it were an educational process that is meant to bring out and enhance our talents, and turn our weaknesses into strengths. This serves to complete our being.

The job of becoming whole is one in which we must face our weaknesses and consciously work to improve ourselves. There are four Challenges to be faced during our lives. For many of us, the same challenge is repeated, while others have four distinctly different lessons to learn.

The Challenges on your life's path provide specific lessons that you must attend to, and, in order to inspire and help you, life will place you in situations that require the specific characteristics of your Challenge numbers.

The four Challenges you are required to overcome during the course of this lifetime will influence you during different periods of your life, except for the Third or Main Challenge, which lasts from birth until death. The Challenges are fluid periods of your life, not confined to specific years so much as general periods. All of your Challenges are present at birth, like actors standing in the wings.

Your First Challenge is 7

The duration of the First Challenge usually lasts from birth until approximately the age of 30 to 35.

You are highly skeptical of anything that cannot be proven to you. Michelle, you are particularly doubtful of anything having to do with spiritual matters. It is, therefore, difficult for you to find a personal philosophy that would give you peace of mind and

insight into the purpose of your life.

You repress many of your natural inclinations because they do not fit into your intellectual or rational thinking. You are in need of the part of your being that you are now repressing: the child within. All the characteristics that have to do with the irrational and holistic side of life ... spirit, humor, playfulness, and intuition ... are being shut out.

Michelle, your challenge is to find some philosophy and, ideally, a community that will give you additional perspectives, and force you to bring out the many other characteristics that are a fundamental part of you. Otherwise, you risk loneliness and isolation.

You have to learn faith. When you consider that most of life is made up of the invisible world ... thoughts, emotions, insight, and love ... you can begin to appreciate that only a small part of life is within the domain of your senses.

You may have too much pride. You may experience a deep and humbling transformation that will set free the inner being you are keeping trapped within you.

Your Second Challenge is 6

The Second Challenge usually lasts until the age of about 35 to 40.

Your challenge deals with distorted idealism. Michelle, your ideals are unrealistically high, making life difficult for you and others. You have a hard time being satisfied with anything you do, or with what others do for you.

You lack gratitude. This prevents you from seeing the beauty in your life. You may also suffer from rigid thinking, which keeps you from having a clear perspective that would otherwise awaken you to the many good things you have received.

At bottom, this challenge is about having blinders on. You are unable to see a broader view, which makes you think you have all the answers. This keeps away information and perspectives that would be helpful to you. Your desire to be of service to others is sincere. However, it may be blocking you from seeing the necessity of working on your own inner development.

Michelle, you can be domineering and righteous, often telling others what is right and what is wrong. You often feel a lack of appreciation from others. There is an opportunity to be of service, to teach and heal, but you will have to achieve a balanced perspective between your idealism and your resistance to personal transformation.

Your Third Challenge is 1

This Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge.

As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward.

In short, this may be the secret to your success.

You must learn to be independent. You will be forced to stand up for yourself and your rights. You will be faced with situations in which you will have to choose between standing up for what you think is right versus giving in to another person's demands. You will have to struggle to strengthen and know your own will power.

You will have to learn to be firm and trust your judgment. Don't run with the crowd, be an individual. This whole lesson represents the frontiers of your consciousness. Therefore, you will have to experience much trial and error, sometimes exploding with bursts of aggression, other times being intimidated and letting frustration and anger build within you until you are ready to act on your deepest instincts.

Michelle, you will learn your own set of values; you will develop into an individual with original and innovative ideas. If you have 1s in your core numbers or in your Hidden Passion this challenge will not be as difficult to learn, or as strongly felt.

Your Fourth Challenge is 1

The Fourth Challenge is most strongly felt during the latter part of our lives, beginning at the age of approximately 45.

(This Challenge is the same as your Third Challenge, described above.)

PINNACLES

The Pinnacles are four long-term cycles, or periods, on our Life Path. Each Pinnacle represents a particular lesson we are working on. The first Pinnacle usually lasts from birth to between the ages of 30 and 35 (your specific Pinnacle periods are provided below). The middle two Pinnacles each last nine years. The last Pinnacle will stay with you for the remainder of your life. The Pinnacles are very important. The transition from one Pinnacle to the next is always strongly felt. Your Pinnacles reveal the general conditions and events you will experience during the period. The Pinnacle describes the atmosphere, or the essential challenge you will be faced with. You can prepare yourself for the times ahead by knowing your approaching Pinnacle number.

The transition from one Pinnacle to the next is usually prepared for approximately 2 years in advance. The latter part of that two year period is particularly strong. You will likely make some life-altering decisions; marriage, job or career change, or any number of major changes in your character.

Perhaps the most strongly felt change, internally as well as externally, is the transition from the first to the second Pinnacle. This change usually takes place in your late 20s or early 30s ... the exact date depends on your Life Path number and is provided below. You begin to feel the impact of this coming change approximately two years prior. This is usually a difficult transition, but once crossed usually provides a clear sense of direction in one's life. It also gives you a much firmer sense of your identity. It is a gateway to maturity.

Your First Pinnacle (from birth until age 34) is 9

Michelle, this is a period in which you must identify with some larger project or goal that is bigger than you. Your greatest satisfaction will be in providing for others, as

well as for yourself. Those in business will draw much personal gratification in knowing that they are helping their employees support their families. Those involved in social activism, a particularly appealing choice of careers during the 9 Pinnacle, will feel themselves strengthened by the knowledge that they are advancing the safety and well being of society. The 9 Pinnacle is a time in which you apply your energies to the good of the larger community.

As a result, there is an element of self-sacrifice present. To some degree, you must subordinate your personal priorities to those of a larger cause. We are not suggesting martyrdom, but making a conscious effort on your part to strike a balance between the good of your milieu and your own personal desires.

This is a good time for financial growth and progress in business affairs. It is a period in which you face a large challenge and must give yourself entirely to it. The 9 Pinnacle also promises much reward in drama, writing and art. You have a heightened esthetic sense, and any latent artistic talent you already possess will be enhanced and brought to the surface. If you have been in business, you may suddenly be drawn to the arts as a benefactor or patron, supplying support for theater productions or artists.

You will feel an increased sense of social responsibility and compassion for the many. You will want to help those less fortunate than yourself and will likely apply yourself to some social cause or philanthropy. This is a period in which you feel a greater love for the good of your community, country, and the world.

Interestingly, you are not restricted by prejudice or boundaries of class or country. You see humanity as a whole. Your love is not personal, however, but for the many. Many under the 9 Pinnacle are drawn to religion or philosophy and have the capacity to spread some doctrine or teaching. In short, you are highly idealistic. Michelle, you will likely travel extensively during this period and meet people from many walks of life. No matter what your area of expertise, you have a chance not only for success but for fame.

Your Second Pinnacle (from age 35 until age 43) is 1

Michelle, this is a period requiring much independence, courage, resiliency, and initiative. You must bounce back after many difficult experiences. The challenge of this Pinnacle is to gain will power. There is not a lot of support from others or from family. You must draw from your own strength. You will have to guard against self pity or surrender.

Keep focused on your dreams. This Pinnacle will require an iron will to keep hold of your goals, and also the flexibility to maneuver around difficulties, and bend with the winds of adversity. This is a period of rapid self-improvement and growth. You will be forced to use every talent and capability you possess. You will need to be resourceful.

Michelle, you must continually put out effort, but with it comes great reward. Without it, there is no accomplishment nor satisfaction, only a negative attitude toward life. Be careful not to become too self centered, headstrong or self important. Be strong but flexible. Be open to the counsel of others, but make up your own mind.

The benefit of this Pinnacle number is a strong sense of your individuality and strength. You will know what you are made of. There are many hidden gifts in this

period, perhaps the greatest of which is faith. Your Pinnacle provides you with the characteristics of leadership, boldness, and daring. You will have many unconventional ideas and the skill and courage to make them a reality. Your abilities to manage and organize people and institutions are greatly enhanced. You have vision and confidence in the worth of your dreams. These characteristics provide great opportunity for success and major accomplishments.

Your Third Pinnacle (from age 44 until age 52) is 1

(This Pinnacle is the same as your Second Pinnacle, described above.)

Your Fourth Pinnacle (from age 53) is 3

This is a highly creative period. Michelle, your self-expression is greatly enhanced. Your creative and artistic talents will peak. You should do everything possible to refine these abilities and make the most of them. Many under the 3 Pinnacle are drawn to writing, the theater, singing, and dance. Your chances of success are also heightened. Hard work in any artistic field that one has a talent for can result in much reward.

This is also a highly social and emotional time. You attract friends and admirers with your charm and gregarious nature. You have the ability to inspire and motivate people. Your upbeat energy causes people to want to work with and for you.

This is a lucky period, as well. You can overcome problems with considerably less effort than in the past. All of this can lead to self-indulgence and lack of productivity. Life is a little easier, which can make you less vigilant. You need focus and discipline. Under the influence of this Pinnacle, hard work is the key and the challenge to making the most of your opportunities.

Be careful of impulsive behavior or doing things on a lark. You must know your limits during this period. Be careful of your money; balance your accounts. Guard against disorderly thinking and behavior. Otherwise, you may do things you regret or simply squander away so many opportunities. Children born under this Pinnacle must be disciplined and kept from being spoiled. An early education in the arts will inspire the child to make the most of his or her artistic talents.

CYCLES

Like most stories, there are three great divisions of our lives: the First, or opening period, finds us groping to find our true nature; at the same time, we are trying to cope with the powerful forces that are present in our environment, our parents and the socio-economic conditions of our family, for example. The Second Cycle, or middle period of our lives, brings about the slow emergence of our individual and creative talents. The initial part of this cycle, the early and mid 30s, represents a struggle to find our place in the world, while the late 30s, 40s, and early 50s, sees us with a greater degree of self-mastery and influence over the environment. The Third, or final Cycle, can represent a flowering of our inner being, such that our true nature has finally come to fruition. It is during this period that one has the greatest degree of self-expression and power.

Your First Cycle (from birth until age 34) is 1

This is a period of much intensity. It requires fortitude, courage, and flexibility. Michelle, you will be forced to use every one of your talents in order to achieve your own personal individuality and independence. This is a period of integration and a focusing on your life's dream. Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality. This cycle marks a time of progress.

Your Second Cycle (from age 35 until age 61) is 8

You are under an extremely benevolent period for work, career, and financial reward. The key is hard work and the willingness to again dedicate yourself after setbacks or difficulties. Michelle, you will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment. You are being pushed to take control of your career or enterprise and bring it to new heights. It is a time when power falls to you, but must be used wisely and with purpose.

Your Third and last Cycle (from age 62) is 2

This is a period of slow and patient development. Michelle, you are acutely sensitive to your surroundings and highly intuitive. You possess a gift as a peacemaker and have tremendous power through gentle persuasion. Cultivate the talents of tact and diplomacy. Cooperate with others. Musical and other artistic talents come to fruition. Partnerships are important, requiring understanding and compromise. You need patience and flexibility, but you are under a gentle and benevolent influence in which others are happy to support you. Seek out beauty and harmonious environments, spend time in nature, and enjoy the peace of close companionship. This is a period of slow but steady progress.

We hope you enjoyed your Numerology Reading, and would like to ask that you take a second of your time and rate the accuracy of the overall report.

It is a single question, and we hope it is a little fun thing for everyone to be involved in. We ourselves are curious about the results, and hopefully you are as well.
